Re: Docket No. A-2012-2312281 (Act 127 Registration)

Dear Mr. Yalcin,

As we previously discussed, EQT Corporation (EQT or the Company) has reviewed the Act 127 registration you provided. EQT continues to own and operate the identified assets but has determined that these assets are production well lines and therefore the 2013 Act 127 Registration filed by EQT Production was an error. As a result, the Company has not filed additional registrations for these assets in the last eleven years. EQT, respectfully requests, that the PA PUC cancel the 2013 Act 127 registration.

Please contact me if you have any questions or need any additional information.

Sincerely,

Signed by:
