**Re: PUC Docket No. M-00991220 - PECO Request for Major Event Exclusion**

Dear Secretary Chiavetta:

In accordance with the Amended Reliability Benchmark and Standard for the Electric Distribution Companies, enclosed is the Request for Exclusion of a Major Outage for reliability reporting purposes.

The enclosed report contains the Request for Major Exclusion. The major event occurred **February 16, 2025 - February 21, 2025**, and was caused by heavy wind, and rain that caused downed tree limbs on power lines and interrupted electric service.

Thank you for your assistance in this matter and please direct any questions regarding the above to Megan McDevitt, Senior Manager, Retail Rates at 267-533-1942 or via email: [megan.mcdevitt@exeloncorp.com](mailto:megan.mcdevitt@exeloncorp.com).

Sincerely,

Attachment

into Monday followed by decreasing winds. Increasing snow chances are expected from Wednesday into Thursday. Even though confidence is low, there is a risk of heavy snow with this system.

**Forecast issued on SUNDAY, February 16, 2025, TIME: 05:00**

Rain and a slight risk of thunderstorms are expected today as a cold front approaches the area. The front will move through near midday with very gusty winds expected. Showers could linger into the late afternoon to early evening hours. Dry and very breezy conditions will prevail tomorrow and into Tuesday, with some snow possible on Wednesday afternoon into Thursday, with dry conditions prevailing from Thursday night into the weekend.

- (d) The number of utility workers and others assigned specifically to the repair work: 1,653.
- (e) The date and time of the first notification of a service interruption 02/16/2025 at 14:55.
- (f) The actual time that service was restored to the last affected customer: 02/21/2025 at 16:46.
