FirstEnergy PA's 2024-2028 USECP

**RE: Request for Extension to Amend the FirstEnergy PA 2024-2028 USECP**

On January 7, 2025, FirstEnergy Pennsylvania Electric Company (FirstEnergy PA) filed a Petition to Amend its 2024-2028 Universal Service and Energy Conservation Plan (2024 USECP) (January 7 Petition) reflecting updated Pennsylvania Customer Assistance Program (PCAP) participant and budget projections and maximum subsidy credit limits approved in its 2024 Rate Case at Docket No. R-2024-3047068 (2024 Rate Case).

On February 27, 2025, the Pennsylvania Public Utility Commission's (Commission's) Bureau of Consumer Services (BCS) issued a Secretarial Letter (February 2025 Secretarial Letter) identifying other universal service program and consumer education and outreach changes approved in the 2024 Rate Case which were not included in the proposed Revised 2024 USECP and directing FirstEnergy PA to file a Further Revised 2024 USECP that included these changes within 30 days (*i.e.*, by March 31, 2025). February 2025 Secretarial Letter at 3.

On March 25, 2025, FirstEnergy PA filed a Letter (March 2025 Letter) at Docket Nos. M-2022-3036532, *et al.* requesting an extension to file its Further Revised 2024 USECP within 10 days after the Commission issues an Order addressing a separate Petition to Amend, filed on January 8, 2025 at Docket No. P-2024-3052623 (January 8 Petition), which proposes to modify aspects of its 2024 USECP relating to its PCAP and WARM programs.<sup>1</sup> FirstEnergy PA asserts that its extension request will not interfere with its ability to adhere to the changes approved in its 2024 Rate Case. March 2025 Request for Extension at 1.

BCS has no objections to FirstEnergy PA's extension request and the request is granted. Accordingly, FirstEnergy PA must address the issues raised in the February 2025 Secretarial Letter in a Further Revised 2024 USECP, as directed by the Commission in its forthcoming Order addressing its January 8 Petition.

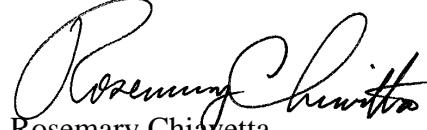

---

<sup>1</sup> WARM is FirstEnergy PA's Low Income Usage Reduction Program (LIURP).
