TO ALL PARTIES OF RECORD

Application of Aqua Pennsylvania, Inc. for approval to alter the public crossing (DOT 588 600 D) by the installation of an underground 16-inch ductile iron watermain within a 24-inch steel casing where State Route 0029 (Bridge Street) crosses, below grade, the tracks of Norfolk Southern Railway Company located in Phoenixville Borough, Chester County.

To Whom It May Concern:

By application filed with the Commission on December 18, 2024, Aqua Pennsylvania, Inc. seeks Commission approval to alter the public crossing (DOT 588 600 D) by installation of an underground 16-inch ductile iron watermain within a 24-inch steel casing where State Route 0029 (Bridge Street) crosses, below grade, the tracks of Norfolk Southern Railway Company located in Phoenixville Borough, Chester County.

Aqua Pennsylvania, Inc. will install an underground 16-inch ductile iron watermain within a 24-inch steel casing. The installation will provide a minimum vertical cover of 4.5-feet from the top of the new steel casing to the top of the roadway underneath the railroad structure.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Aqua Pennsylvania, Inc. states that the proposed installation is necessary because it will improve water distribution operations and maintenance. Aqua Pennsylvania, Inc. will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$160,000.00.

All work is to be performed in accordance with the plans hereby entitled: "EXHIBIT A," consisting of one (1) sheet submitted to the Commission with the application.

Aqua Pennsylvania, Inc. has served a copy of the application and plans on Pennsylvania Department of Transportation, Norfolk Southern Railway Company, Chester County, Borough of Phoenixville, Schuylkill Township, Verizon Pennsylvania LLC, Comcast and Valley Forge Sewer Authority. All parties in interest were queried by letter dated January 7, 2025, sent by electronic mail as to any objection to the subject application and plans.

On January 28, 2025, the Borough of Phoenixville filed a protest to the application because it had commenced a highway expansion project adjacent to the crossing and sought additional coordination from Aqua Pennsylvania, Inc. to minimize impacts on its residents. Following the protest, the parties engaged in technical meetings to review the subject plans in conjunction with the Borough of Phoenixville's highway expansion project. On March 25, 2025, the Borough of Phoenixville withdrew its protest to the application, citing productive meetings and information exchange between the parties. None of the other parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
