I object to the whole proceeding.

I did not receive the court records.

The court provided it to the defense.

I object that I am branded a liar.

I object that puc governors can do whatever they want to with no recourse. Why should puc governors interfere in my case.

Since I am the prosecutor, the only recourse is to dismiss the case.

Since the American government support the murder of innocent brown people, it shows that since I am brown skin, they want to destroy me.

I object that ppl puc and the judges are the only one to see the evidence.

Ppl has never filed a complaint, they just added someone else's debt to my account. The debt was never verified. I have never seen the verification.

Ppl is the only one who has to show evidence that I used their electricity. Who knows what evidence they recieved from the dark corners of the web or they made it up.

No credit report can say I used electricity.

I object that puc judges, puc governors and ppl rigged this case. That is why the first case, the judge refused to invite me to the hearing. The second case, I couldn't get service, my carrier said I have service. The only other way is the government, and it is in their arsenal to stop service.

I object that I am being denied a fair judge and as the judge said only the puc governors have the last say. Since they hate me and racial profiling me, I will never get a fair trial. They refuse to give me the black and white copy of whatever the regulations are and the court procedures.

I AM IGNORANT OF ALL LAWS OF COMMONWEALTH OF PENNSYLVANIA AND USA. I AM IGNORANT OF THE LAWS.

I ,Gomattie Harilal, has objected to this trial.
