Addendum to 2024 Assessment Report
Verizon North LLC
Utility Code 3111162

2024 Intrastate (Jurisdictional) Operating Revenues as reported on form GAO-2024 on or before March 31, 2025	\$36,777,200
Additional "de facto gross intrastate operating revenues" as defined in the policy statement at 69 Pa. Code § 69.3701 (reported under protest)	\$1,759,541

Methodology: Verizon North LLC ("Verizon North") identified the revenue from mixed-use interstate private line services that are deemed interstate under the ten percent rule set forth in 47 CFR 36.154. Verizon North was not able to limit the revenues only to circuits that have physical facilities with a beginning and end point within Pennsylvania, and therefore included all revenue. Each of these services is provided under FCC tariffs and/or product guides and all of the revenue from these services is reported to the FCC as interstate for purposes of FCC assessments.

Under protest and subject to the objections set forth in its May 15, 2020 cover letter, Verizon North reports ten percent of the revenue from these services as "de facto gross intrastate operating revenues." Ten percent was determined to be a reasonable estimate of the de minimis amount of intrastate traffic on these interstate services, as discussed in the May 15, 2020 cover letter.
