Re: Tamika Anderson, Complainant
v.
Philadelphia Gas Works, Respondent
Docket Number: C-2024-3048214

On October 30, 2024, my office received exceptions from the Complainant, in the above captioned case. However, our review of the filing at that time revealed that no certificate of service or other indication that the Respondent to the case was served by the Complainant. Rather than return the filing for lack of a certificate of service, the Commission found it more expeditious to serve all the parties of record with the Complainant's exceptions in order to satisfy due process.

However, by inadvertent error, the exceptions failed to be served successfully upon the Respondent on October 30, 2024. To exacerbate the situation further, my staff placed the unserved Secretarial Letter on the record of the docket with an erroneous date of service.

This Secretarial Letter now cures the unsuccessful attempt to serve the Complainant's exceptions upon the Respondent and allows the complaint case to be reviewed and finally adjudicated by the Commission. Please note that this case was included on the Commission's Public Meeting agenda for March 27, 2025, but has now been postponed to provide the Respondent with the opportunity to reply to the Complainant's exceptions.

Therefore, enclosed is a copy of the Complainant's exceptions to constitute service for purposes of 52 Pa. Code Sections 1.54. The respondent is now provided with ten (10) days from the date of this letter to file reply exceptions. Both the Complainant's exceptions and this Secretarial Letter will be placed upon the record at the above docket number.

Sincerely,

Rosemary Chiavetta
Secretary

ALL PARTIES OF RECORD

Re: Tamika Anderson v Philadelphia Gas works
Docket Number: C-2024-3048214

To All Parties of Record:

On October 30, 2024, my office received Exceptions to the Initial Decision of Administrative Law Judge Brady in the above captioned matter. Our review of the filing revealed that no certificate of service or other indication that the parties of record to the case were served with the Exceptions. Therefore, we have enclosed a copy of the Exceptions to constitute service for purposes of 52 Pa. Code §5.533.

Sincerely,

Rosemary Chiavetta
Secretary

My exception to the INTIAL DECISION set forth by Administrative Law Judge, F. Joseph Brady. The exhibits that are attached are my rebuttals to the FACT FINDINGS # 9 and 10 which states that the PGW contractor, Mr. Andrew Coyle, visited the property of Ms. Tamika Anderson at 2716 W Master St in Philadelphia PA 19121 on 05/132024, check all appliances, changed the gas meter and checked the fuel line (PGW EXB 3). Fact Finding #12 indicated that the old gas meter tested within the two percent accuracy tolerance level. Ms. Anderson, the complainant, then requested a new contractor be sent to the same residence listed in the complaint for NON - FUNCTIONAL and incorrect meter readings due to no change in rate of usage. Attached is the HAZZARD TAG that was attached to the said property due to GAS FUEL LINE LEAKS and NON-FUNCTIONAL APPLIANCES that was set forth on July 31, 2024 by PGW Contractor listed as AGENT #15162. This has been what the complainant Ms. Tamika Anderson has been attempting to get reconciled so that a proper and fair bill could be established.

Signed,

Tamika Anderson
