Re: Electric Generation Supplier License of Sprague Energy Solutions LLC

Dear Mr. Bohan:

On February 27, 2025, Sprague Energy Solutions Inc. (Sprague Energy Solutions) filed a request with the Pennsylvania Public Utility Commission (Commission) to change the name on its license to provide electric generation services, as a broker/marketer, to Sprague Energy Solutions LLC.

Currently, Sprague Energy Solutions is licensed as Sprague Energy Solutions Inc. as a broker/marketer to small commercial (25 kW and under demand) and industrial customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

Sprague Energy Solutions has provided the proper Pennsylvania Department of State documentation and has provided proof of service to the interested parties as required by the Commission. Furthermore, Sprague Energy Solutions has provided an update to its financial security instrument reflecting its new name.

Therefore, the Commission approves, by this Secretarial Letter, the change of Sprague Energy Solutions Inc.'s name on its license for the provision of electric generation services as a broker/marketer.

The Secretary's Bureau will issue a new license to Sprague Energy Solutions LLC the right to begin to offer, render, furnish, or supply electric generation services as a broker/marketer to small commercial (25 kW and under demand) and industrial customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

The Secretary's Bureau and the Bureau of Administration, Financial and Assessments will update the company's name in their computer systems and lists, as appropriate, to be Sprague Energy Solutions LLC.

If you have any questions in this matter, please contact Jeff McCracken of the Bureau of Technical Utility Services at jmccracken@pa.gov or 717-783-6163.

Sincerely,

Rosemary Chiavetta
Secretary
