

EXHIBIT I2

NOTICE OF PROPOSED ACQUISITION AND RATE BASE ADDITION
Docket No. A-2024-3049015

Dear Customer:

On [DATE], the Pennsylvania Public Utility Commission (PUC) conditionally accepted for filing the application of Aqua Pennsylvania, Inc. (Aqua) for approval to acquire the Municipal Authority of the Borough of Greenville (GWA) water system assets. The GWA serves approximately 2,731 customers in Mercer County, Pennsylvania. Aqua’s application also requests that the PUC authorize an addition of up to \$18 million to Aqua’s rate base pursuant to 66 Pa. C.S. § 1329. A utility’s rate base is the value of property used by the utility to provide service to its customers and is one of several components used to establish a utility’s customer rates.

Aqua is not requesting a rate increase in this acquisition proceeding. This acquisition will not immediately, but may in the future, affect water and/or wastewater bills of Aqua customers, including the new GWA water customers. Your rates will not change at the closing of this transaction until the conclusion of an Aqua rate case where Aqua includes the GWA system in a request to increase rates which must be approved by the PUC. At that time, based on a preliminary analysis of the potential rate impacts, Aqua estimates that the rates of the average customer could increase.

The amount of the increase will be determined in Aqua’s next base rate case and will be dependent on how the PUC chooses to apportion the increase among Aqua’s acquired and existing customers. The tables below present non-binding estimated incremental rate effect of the proposed transaction on GWA’s water customers, which include estimates with and without cost sharing.

Greenville Water Authority Customers rates assuming costs are shared with other Aqua customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	3,050	\$16.70	31.73%
Commercial	12,410	\$50.33	31.73%
Industrial	224,580	\$746.67	31.73%
Public	16,140	\$80.11	31.73%
Private Fire	-	\$26.41	31.73%

Greenville Water Authority Customers rates assuming no costs are shared with other Aqua customers

Rate Class	Average Usage	Estimated Monthly Increase	Estimated Percentage Increase
Residential	3,050	\$34.04	64.66%
Commercial	12,410	\$102.56	64.66%
Industrial	224,580	\$1,521.71	64.66%
Public	16,140	\$163.27	64.66%
Private Fire	-	\$53.83	64.66%

The amounts stated above could change and will depend on how the PUC chooses to apportion any increase among the types of service, rate zones, and classes of customers. Any promise or contract term regarding a rate freeze may be unenforceable.

PUC ROLE

The state agency which approves acquisitions and rates for regulated public utilities is the PUC. The PUC will review and investigate the proposed acquisition and requested \$18 million in additional rate base. After examining the evidence, the PUC may approve, modify or deny the acquisition and may approve or modify the \$18 million addition to rate base. The PUC will issue a decision on the application on or around [DATE].
