TO ALL PARTIES OF RECORD

To Whom It May Concern:

By application received by the Commission on March 19, 2025, PECO Energy Company (PECO) seeks Commission approval to alter the crossing where State Route 1009 (Landover Road/County Line Road) crosses, below grade, two (2) tracks of Southeastern Pennsylvania Transportation Authority (SEPTA) (DOT UNKNOWN) in Radnor and Haverford Township, Delaware County, by the installation of multiple 5-inch PVC electrical ducts encased in a concrete duct bank.

PECO proposes to install multiple (up to four) 5-inch PVC ducts encased in a 21-inch by 22-inch concrete duct bank for the purpose of replacing a 13 kV circuit, below grade of Route 1009 (Landover Road / County Line Road). The facilities will have a minimum cover of 4-feet 6-inches underneath the roadway.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PECO states that the proposed underground electric facilities are necessary to replace existing infrastructure. PECO will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the proposed facilities, at its sole cost and expense. The cost of the project is anticipated to be \$145,295.

All work is to be performed in accordance with the plan hereby entitled: "EXHIBIT A" consisting of three (3) sheets submitted to the Commission with the application on March 19, 2025.

PECO has served a copy of the application and plan on Delaware County, Haverford Township, SEPTA and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated March 25, 2025, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections. The roadway, State Route 1009 Landover Road/County Line Road is located on the border of Haverford and Radnor Townships, therefore Radnor Township will be added as a party of record to this case in this Secretarial Letter

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
