**Petition of AP Gas & Electric (PA) LLC To Request a Reduction in Security  
Amount**

And Now, pursuant to 66 Pa.C.S.A. § 2809 (c)(1)(i) and the Order of the Pennsylvania Public Utility Commission ("Commission") entered on July 24, 2014 in Docket No. M-2013-2393141, AP Gas & Electric (PA), LLC ("APG&E") files this Petition to request that its security requirement be reduced from 10% of annual gross receipts to 5% of annual gross receipts. In support of this request, APG&E states as follows.

1. On August 6, 2010, APG&E filed an application to offer, render, furnish or supply electric generation services to residential, small commercial (25 kW and under), and large commercial (over 25 kW) customers in the electric distribution company service territories of West Penn Power, Duquesne Light Company, Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company, PECO Energy Company, PPL Electric Utilities Corporation and UGI Utilities Inc. within the Commonwealth of Pennsylvania.
2. By Order entered on October 18, 2010 in Docket No. A-2010-2192731, The Commission approved APG&E's Application and authorized APG&E to begin to offer the services described above.
3. On August 19, 2013, APG&E filed a request to amend its electric generation supplier license in order to serve residential, small commercial (25 kW and under), and large

commercial (over 25 kW) customers in the additional electric distribution company service territories of Citizens Electric Company and Wellsboro Electric Company, which request was approved by the Commission by Order entered on November 14, 2013.

4. APG&E provided an initial letter of credit in the amount of \$250,000 at the time it filed its initial Electric Generation Supplier ("EGS") license application, in accordance with the Commission's regulations at 52 Pa. Code § 54.40.

5. In the years following its licensure, APG&E has provided either a bond or a letter of credit in an amount sufficient to satisfy the Commission's financial security requirements for EGSs.

6. By Order entered on July 24, 2014, the Commission announced a new policy to allow EGSs, upon request, to reduce their required level of security to 5% of the EGS's most recent 12 months of revenue, or \$250,000, whichever is higher. The Commission found that requiring an EGS to post a bond or security in the amount of 10% of reported gross receipts after the first year of EGS operation may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry to Pennsylvania's retail electric market.<sup>1</sup>

7. On April 22, 2024, APG&E filed a Petition to request a reduction in its financial security from 10% to 5%, which Petition was granted by Secretarial Letter dated June 28, 2024.

8. In accordance with the July 24, 2014 Order APG&E respectfully requests the Commission's approval to again reduce its required security amount from 10% to 5% of APG&E's most recent 12 months of Pennsylvania revenue.

9. Since becoming licensed in Pennsylvania, APG&E has always met all of its financial and annual reporting obligations.

10. APG&E has no outstanding Pennsylvania Tax liabilities, and since becoming licensed APG&E has paid its Gross Receipts Tax obligations in full and in a timely manner.
11. APG&E also has no outstanding financial obligations to any of its customers, to any of the Electric Distribution Companies ("EDCs") in Pennsylvania or to PJM Interconnection, LLC ("PJM").
12. Attached hereto as Confidential Exhibit 1 is a statement showing APG&E's gross revenues for sales of electricity to retail customers in Pennsylvania for the months of April 2024 through March 2025.
13. Attached hereto as Confidential Exhibit 2 is a copy of APG&E's Form RCT-112 form as filed with the Pennsylvania Department of Revenue, reflecting the amounts of Gross Receipts Tax obligations pre-paid for the year.
14. Attached hereto as Confidential Exhibit 3 is a Tax Status Letter of Good Standing from the Pennsylvania Department of Revenue to confirm that APG&E is current with all of its Pennsylvania tax obligations.
15. Attached hereto as Confidential Exhibit 4 is a report from the Statewide Administrator of the Pennsylvania Alternative Energy Portfolio Standards Act, showing APG&E's compliance for the most recent energy year.
16. APG&E's current bond on file with the Commission expires on August 17, 2025, so APG&E respectfully requests expeditious consideration of this Petition so that the proper amount of security can be submitted to the Commission prior to the expiration of the APG&E's

current bond.

17. Copies of this Petition are being served on the Bureau of Technical Utility Services, the Office of Consumer Advocate, Office of Small Business Advocate, Bureau of Investigation and Enforcement, PA Department of Revenue, Office of Attorney General Bureau of Consumer Protection and all of the EDCs in Pennsylvania in whose territories APG&E is licensed to operate.

WHEREFORE, for the foregoing reasons, AP Gas & Electric (PA), LLC respectfully requests the Commission grant this Petition and reduce AP Gas & Electric (PA), LLC's security requirement from 10% of its most recent annual gross receipts to 5% of most recent annual gross receipts. Upon approval of this Petition by the Commission, AP Gas & Electric (PA), LLC will provide an updated bond which will comply with the Commission's bond requirements for EGSs at 52 Pa. Code § 54.40(f).

Respectfully Submitted

Dated: April 22, 2025
