Re: UGI Utilities, Inc. – Gas Division
Information Filed in Support of Purchased Gas Costs – 2025
Under 66 Pa. C.S. §1307(f) – May 1, 2025
Docket No. R-2025-

Dear Secretary Homsher:

In accordance with the Commission's regulation at 52 Pa. Code § 53.64(c), UGI Utilities, Inc. – Gas Division ("UGI Gas") has enclosed the preliminary supporting information for its 2025 Purchased Gas Cost ("PGC") Filing. UGI Gas's proposed purchased gas cost tariff and all required supporting information, including direct testimony, will be submitted May 30, 2025.

Copies of this document have been served upon the persons indicated on the attached Certificate of Service.

UGI Gas shall commence advance public notice fifteen days prior to the submission of its PGC Filing to the Commission in accordance with the Commission's Final Order at Docket No. P-850081, entered December 6, 1985.

Any inquiries regarding the information contained in the prefiling or supporting data should be directed to the attention of Tracy A. Hazenstab, Sr. Manager – Utility Rates by phone at (814) 574-4168 or by email at thazenstab@ugi.com with a copy to Michael S. Swerling, Esquire and Lindsay A. Berkstresser, Esquire at the address shown below.

Sincerely,

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 1 [52 Pa. Code §53.64(c)(1)] SOURCES OF GAS SUPPLY

A complete list in schedule format of each spot and each long term source of gas supply, production, transportation and storage, used in the past 12 months, which 12-month period shall end 2 months prior to the date of the tariff filing, separately setting forth on a monthly basis the quantity and price of gas delivered, produced, transported or stored, maximum daily quantity levels, maximum annual quantity levels, a detailed description of warrantee or penalty provisions, including liquidated damages, take or pay provisions or minimum bill or take provisions of the purchases, balancing provisions and copies of Federal tariffs and contract provisions relating to the purchases--including demand and commodity components. With regard to each contemplated future source of supply, production, transportation or storage, during each of the next 20 months for each source, provide the name of the source, the maximum daily quantity, the maximum annual quantity, the minimum take levels, a detailed description of warrantee or penalty provisions, including liquidated damages, take or pay provisions or minimum bill or take provisions of the purchases, balancing provisions and contractual or tariffed terms of the purchases, copies of applicable Federal tariffs, the expiration date of each contract, the date when each contract was most recently negotiated and the details of the negotiation--such as meeting held, offers made, and changes in contractual obligation--and whether current proceedings, negotiations or renegotiations are pending before the Federal Energy Regulatory Commission, and the like, to modify the price, quantity or another condition of purchase, and if so, the details of the proceedings, negotiations or renegotiations. Gas supply sources which individually represent less than 3% of the total system supply may be shown collectively, such as other local gas purchases.

RESPONSE:

Section 1-A provides the requested information for the PGC supplies for the historic twelve-month period ending March 31, 2025. Section 1-B addresses the prospective twenty-month period. Section 1-C shows end-user transportation quantities.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 1-A [52 Pa. Code §53.64(c)(1)] SOURCES OF GAS SUPPLY

Provide a complete listing of all sources of gas supply used in the past twelve (12) months, which 12-month period shall end two months prior to the date of the tariff filing, separately setting forth on a monthly basis:

(1) The quantity and price of gas delivered;
(2) The details of any take-or-pay provisions or minimum bill provisions;
(3) The details of the rate designs of the purchases (including demand and commodity percentages).

RESPONSE:

(1) The quantity, maximum daily quantities, and price of gas delivered for the past twelve (12) months are shown on Attachment 1-A-1.

(2) UGI Utilities, Inc. – Gas Division ("UGI Gas") has no take-or-pay provisions or minimum bill provisions in any contract.

(3) Demand and commodity rate design are mostly Straight Fixed Variable. Details of rate design are reflected on the applicable pipeline tariffs.

Details of the historic demand charges and a summary listing of the tariff rates are shown on Attachment 1-A-1.

Details of current tariff provisions and currently effective rates can be found by accessing the following websites. The following table provides information about the web address of each pipeline's Electronic Bulletin Board and the pathway to the tariff, which is available without an ID and password:

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 1-B [52 Pa. Code §53.64(c)(1)] SOURCES OF GAS SUPPLY

Provide the quantity, price, and sources of gas contemplated to be used during each of the next twenty (20) months, including:

(1) The expiration date of each contract;

(2) The date which each contract was most recently negotiated and the details of such negotiations (e.g., meetings held, offers made, and changes in contractual obligations);

(3) Whether any current proceedings, negotiations or renegotiations are pending (before the FERC, etc.) to modify the price, quantity, or any other condition of purchase, and if so, the details of such proceedings, negotiations or renegotiations.

RESPONSE:

The quantity, price, and sources of gas available for use during each of the next eight months (April 2025 through November 2025) are shown on Attachment 1-B-1; and for the 1307(f) Purchased Gas Cost Period, December 2025 through November 2026, on Attachment 1-B-2. Please also reference testimony provided in Book 2.

Contract Dates: The following is a listing of firm contract terms and expiration dates for all applicable services and contracts. UGI Gas will evaluate the renewal, restructuring, replacement or termination of contacts as appropriate during the next twenty-month period.

UGI Energy Services - Peaking - CPG-P-1007	5,000	11/1/2018	3/31/2033	None	None.
UGI Energy Services - Peaking - CPG-P-1008	2,519	11/1/2018	3/31/2033	None	None.
Supplier A – Call Option	16,766	11/1/2018	10/31/2028	6/30/2028	Extension for 1 year with 120 days notice. Pricing based on GDP deflator.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

Contract Title	MDQ/SCQ	Start Date	End Date	Notice Date	Comments
Supplier A – Call Option	8,394	11/1/2024	3/31/2029	11/30/2028	Extension for 1 year with 120 days notice. Pricing based on GDP deflator.
Supplier B – Mobile LNG	500	12/1/2020	3/31/2025	None	UGI Gas intends to issue an RFP for this service.
Supplier B – Mobile LNG	10,000	12/1/2024	3/31/2026	None	None.
Supplier J – Local Production	800	11/1/2020	10/31/2025	7/31/2025	UGI Gas intends to extend this contract.
Supplier K – Call Option	200	8/1/2019	7/30/2030	None	None.
Supplier L - RNG	909	5/13/2022	4/30/2027	None	Pursuant to settlement in Docket No. R-2021-3025652.
Supplier M – Local Production	1,680	7/1/2023	3/31/2026	None	None.
Supplier N – AMA	32,000	11/1/2024	10/31/2036	None	None.

Current Federal Energy Regulatory Commission (FERC) Proceedings

UGI Gas has FERC jurisdictional firm transportation and storage agreements with Columbia Gas, Eastern Gas, Texas Eastern, Tennessee, Transco and UGI Storage Company. Cost and terms of service are addressed in Natural Gas Act Section 4 base rate proceedings, rulemakings and certificate proceedings before FERC or through direct negotiations with the pipeline. FERC orders in any of these proceedings could change UGI Gas's purchased gas costs during the next twenty months.

Other Renegotiations - Purchase Contracts

The majority of UGI Gas’s firm purchases are acquired using UGI Gas's Master Purchase and Sales Agreement and Gas Industry's Standards Board (GISB) and North American Energy Standards Board (NAESB) Agreements. From April 1, 2024 through March 31, 2025, UGI Gas entered into no new NAESB agreements with counterparties. UGI Gas will renegotiate prices and terms with suppliers on the applicable renegotiation dates.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 2-A [52 Pa. Code §53.64(c)(3)] OTHER SOURCES OF GAS SUPPLY

A complete listing of sources of gas supply transportation or storage and their costs, including shut-in and curtailed sources of supply, both inside and outside this Commonwealth considered by or offered to the utility but not chosen for use during the past 12 months, which 12-month period shall end 2 months prior to the date of the tariff filing, and the reasons why the gas, transportation or storage was not selected for use as a part of the utility supply mix.

RESPONSE:

The response is applicable to the 12-month period ended March 31, 2025. UGI Gas implements its least cost procurement strategy while balancing reliability, price stability, and where possible environmental sustainability by managing a portfolio of supplies from a diverse set of sources. During the 12-month historic period, April 2024 through March 2025, UGI Gas purchased its supplies, including those utilized for storage injection, from producers and marketers. The purchases were delivered via firm transportation on Columbia Gas Transmission, Eastern Gas Transmission, Texas Eastern, Tennessee, Transco, and UGI Storage. Additional purchases are delivered via direct supply from UGI Energy Services ("UGIES"), other delivered suppliers, local production wells, and facilities directly connected to the distribution system.

Supplies not selected in 2024-2025 did not meet the criteria specified in the following two categories:

(1) Each month, UGI Gas receives bids from producers and marketers for purchases. Purchases are evaluated using least cost economic dispatch based on the incremental cost of the gas delivered to the city gate via each pipeline route. UGI Gas first buys gas from the lowest cost reliable bidder. If the volume offered at that price is insufficient to meet full requirements or the take away capacity available from that receipt point is insufficient, then the remaining requirements are acquired at the next lowest price. This incremental process continues until all requirements are met.

In making least cost supply decisions, all variable cost components including the cost of gas, the cost of transportation, and fuel costs are figured into the decision. Some judgment is required in these bid acceptances in matters such as transportation availability, delivery flexibility, producer reliability, available credit of the counterparty, and operational requirements. Attachment 2-A-1 is a listing of the transactions for firm purchases including the purchase location, quantity, and cost of gas. The table shows the transactions for the 12-month period ending March 31, 2025, as recorded in the gas management system of UGI Gas. In addition, Attachment 2-A-2 is a summary of all transportation activities scheduled by UGI Gas on the interstate pipelines each month, including the receipt and delivery locations, quantity, and cost of transportation.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

(2) UGI Gas continually evaluates the market competitiveness of its term contracts. UGI Gas regards term contracts as those having multiple months. The choice to maintain or terminate a contract is based on the performance of the supplier, price changes, fixed charges, location of the gas, capacity or cost changes on the connecting pipeline, the competitive nature of the commodity provisions, the ability to deliver the gas at pooling receipt points and the supply purchase requirements. These contracts are subject to firm deliverability requirements because they supply gas to firm residential and commercial customers with no alternative energy source.

UGI Gas's criteria for firm supply contract selection include, among other measures, competitive prices, prudent price renegotiation provisions, market-out provisions, deliverability warranties or contingencies, and to the extent possible, acceptable creditworthiness assurances and indemnification for liabilities beyond UGI Gas's control.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 2-B [52 Pa. Code §53.64(c)(3)] OTHER SOURCES OF GAS SUPPLY

A similar listing of gas sources, transportation or storage and associated projected costs offered or considered but not chosen to meet supply for the next 20 months, along with reasons for nonselection.

RESPONSE:

UGI Gas considers all practical sources of gas in the supply portfolio. The identification of supplies to be procured in the projected period is based on load duration analysis, supply optimization model, and other distribution system considerations. The load duration analysis is a tool used to define the design peak day and seasonal contract requirements. This information is critical in developing the proper mix of baseload supplies (Firm Transportation ("FT") or delivered supply), seasonal supplies (i.e., storage), and peaking supplies.

UGI Gas updates a supply optimization model in order to analyze its supply purchase options. Market price information is collected from several sources, including, but not limited to, the Intercontinental Exchange ("ICE") physical basis pricing, NYMEX futures pricing, and quotes from potential suppliers. UGI Gas then calculates any applicable pipeline variable costs that would be incurred when transporting supply from the purchase location to UGI Gas's city gate. UGI Gas then determines the least cost option based upon its physical and contractual assets to serve the system demand and achieve a low cost supply mix.

UGI Gas continues to evaluate new purchase contracts for firm supplies in an effort to meet its least cost procurement obligation of providing reliable service and price stability, and where possible environmental sustainability. Existing firm supply arrangements will be renegotiated monthly, seasonally and annually, and evaluated based on changing market conditions. UGI Gas continually evaluates viable supply and transportation alternatives in order to lower gas costs, diversify the supply base, meet changing requirements, maintain reliability and decrease price volatility.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 3 [52 Pa. Code §53.64(c)(4)] FERC PROCEEDINGS

Provide an annotated listing of Federal Energy Regulatory Commission or other relevant non-Commission proceedings, including legal action necessary to relieve the utility from existing contract terms which are or may be averse to the interests of its ratepayers, which affect the cost of the utility's gas supply transportation or storage or which might have an impact on the utility's efforts to provide its customers with reasonable gas service at the lowest price possible. This list shall include docket numbers and shall summarize what has transpired in the cases, and the degree of participation, if any, which the utility has had in the cases. The initial list filed under this paragraph shall include cases for the past 3 years. Subsequent lists need only update prior lists and add new cases.

RESPONSE:

UGI Gas transports gas on Columbia Gas Transmission, LLC, Eastern Gas Transmission and Storage, Inc., Tennessee Gas Pipeline Company, L.L.C., Texas Eastern Transmission, LP, and Transcontinental Gas Pipeline Company, LLC, and has contracts for storage service with Columbia Gas Transmission, LLC, Eastern Gas Transmission and Storage, Inc., Texas Eastern Transmission, LP, Transcontinental Gas Pipeline Company, LLC, and UGI Storage Company. UGI Gas also serves customers on UGI Sunbury, LLC and UGI Mt. Bethel Pipeline, LLC.

Since FERC has jurisdiction over the pipeline transportation and storage services included in UGI Gas's supply portfolio, UGI Gas participates in or monitors all FERC regulatory proceedings for the previously identified companies. UGI Gas may also participate in FERC proceedings in which policies that may impact UGI Gas or its customers are considered.

UGI Gas actively monitors many different FERC proceedings or initiatives either individually or through the American Gas Association. UGI Gas will intervene in, file comments, protest, or otherwise participate in specific pipeline proceedings or FERC initiatives as necessary to protect its or its customers' interests. These activities are designed to minimize gas costs and/or improve the level or quality of service provided to UGI Gas by its interstate pipeline suppliers.

Shown below is a list of new interventions filed by UGI Gas in FERC proceedings during the period from April 1, 2024 through March 31, 2025. In addition to these new interventions, during the period April 1, 2024 through March 31, 2025, UGI Gas participated in a number of significant and ongoing proceedings that carried over from the interventions filed in prior years and that were previously reported in past 1307(f) proceedings.

The objective of UGI Gas's FERC activity is to obtain transportation and storage services consistent with a least-cost purchase strategy by intervention and active participation in all cases having a material effect on gas cost, supply, transportation and storage services. This objective is accomplished by intervention and active participation in cases including, but not limited to, Natural Gas Act Section 4 Base Rate proceedings, rulemakings and certificate proceedings before FERC, or through direct negotiations with the pipeline. FERC orders in any of these proceedings could change UGI Gas's purchased gas costs during the next twenty months.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

UGI Gas's FERC activity is concentrated on matters involving the jurisdictional pipelines listed below along with the services for which UGI Gas contracts or will contract during the 20-month projected period.

(1)	Columbia Gas	UGI Gas contracts for firm transportation services under rates FTS, NTS, and SST, and for firm storage service under rate FSS.
(2)	EGTS	UGI Gas contracts for firm transportation services under rate FT, and for firm storage service under rate GSS.
(3)	Tennessee	UGI Gas contracts for firm transportation services under rates FT-A, and FT-G.
(4)	Texas Eastern	UGI Gas contracts for firm transportation service under rates FT-1, FT-1 (Flex-X), CDS, and FTS-5, and for firm storage service under rate SS-1.
(5)	Transco	UGI Gas contracts for firm transportation services under rates FT, and FT-PS, and for firm storage services under rates GSS, LSS, ESS, LG-A and SS-2.
(6)	UGI Storage	UGI Gas contracts for firm no-notice storage services under rates FSS, and NNSS.

The degree to which UGI Gas participates in FERC proceedings depends upon the nature of the case and the potential impact on UGI Gas's ratepayers. UGI Gas's participation includes but is not limited to:

- communication and negotiation with pipelines;
- coordination with other customers with similar interests;
- interventions in the form of support, protests and comments;
- active role at settlement or prehearing conferences;
- presentation of testimony and cross examination of opposing witnesses;
- presentation of briefs, exceptions and appeals;
- communication with State regulatory bodies regarding FERC matters.

Any particular case in which UGI Gas intervenes may require all or a combination of the above. Certain issues may require lengthy litigation; while for others, the settlement process is more economical and practical. UGI Gas retains outside counsel from the law firm of Post & Schell regarding FERC matters. When appropriate, UGI Gas will work with similarly aligned shipper groups and will acquire group counsel or consultants.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 4 [52 Pa. Code §53.64(c)(5)] SUPPLY/DEMAND PROJECTIONS

Provide a listing and updating, if necessary, of projections of gas supply and demand provided to the Commission for any purpose--see §59.67 (relating to formats). In addition, provide an accounting of the difference between reported gas supply available and gas supply deliverable--including storage-- from the utility to its customers under various circumstances and time periods.

RESPONSE:

Attachment 4-1 presents data filed in UGI Gas's 2025 Integrated Resource Planning ("IRP") model (Docket M-2025-3052804). The available gas supply, volume delivered, and demand are in balance.

Rank contracts in order of magnitude for the current year. Reporting should proceed along rank ordering until 75% of total contract supply is accounted for, or until ten contracts have been listed, whichever comes first. Provide a separate sheet identifying the supplier for each contract listed.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 5 [52 Pa. Code §53.64(c)(6)] FUEL PROCUREMENT PRACTICES

Each Section 1307(f) utility shall file with the Commission a statement of its current fuel procurement practices, detailed information concerning the staffing and expertise of its fuel procurement personnel, a discussion of its methodology for obtaining a least cost and reliable source of gas supply, including a discussion of any methodologies, assumptions, models or rules of thumb employed in selecting its gas supply, transportation and storage mix, its loss prevention strategy in the event of fraud, nonperformance or interruption of performance, its participation in capacity release and reallocation programs, the impact, if any, upon least cost fuel procurement by constraints imposed by local transportation end users, interruptible service, balancing, storage and dispatching options, and its strategy for improving its fuel procurement practices in the future and timetable for implementing these changes.

RESPONSE:

STATEMENT OF FUEL PROCUREMENT PRACTICES

UGI Gas's fuel procurement practices are designed to meet the natural gas supply and capacity requirements of its core market customers, which include Purchase Gas Cost (“PGC”) and Choice customers. The Company follows a least cost procurement strategy, which provides secure and reliable capacity and supplies and promotes price stability.

STAFFING

The Supply Department is responsible for meeting the supply requirements of UGI Gas. Members of the team make up a diverse group which encompasses varied levels and areas of utility industry experience. The total tenure of all supply team members within the utility is in excess of 70 years. These individuals have experience and expertise in the areas of Accounting, Engineering, Finance, Marketing, and Regulatory Affairs.

The Supply Department planning includes evaluating the demand requirements under various weather scenarios and developing procurement plans for each scenario. The group is also responsible for implementing the procurement plans, which include the purchase of supplies, nomination and scheduling of supplies, associated accounting and record keeping related to these activities, and contingency planning for fluctuations in demand. The implementation of the procurement plans includes negotiating adjustments to supply portfolios to ensure the goals are achieved on a seasonal, monthly, daily, and intraday basis. This includes issuing requests for proposals (RFPs) and negotiating contracts related to interstate pipelines, producers, and marketers involved in the delivery of natural gas to the company.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

Additionally, personnel in this group are responsible for monitoring pertinent Federal and State administrative proceedings and promoting the interests of UGI Gas's customers with the regulatory authorities. UGI Gas's primary FERC activities involve base rate cases, certification proceedings, rulemakings, as well as any other FERC proceedings that would meaningfully impact the Company and its customers' interests. Through base rate interventions, the Company actively seeks to reduce transportation costs and protect the quality and reliability of service. Certificate proceedings involve authorizations for facilities and interconnections to broaden UGI Gas's access to lesser-cost or more reliable gas supplies. Pipeline certificate proceedings are also monitored to prevent inequitable cost shifting to UGI Gas's PGC customers.

An organizational chart depicting UGI Gas's Supply Department staff has been included as Attachment 5-1.

DISCUSSION OF FUEL PROCUREMENT METHODOLOGY

UGI Gas's fuel procurement practices are designed to meet the natural gas requirements of its firm customers following a least cost procurement strategy while providing secure, reliable, and, where possible, environmentally sustainable supplies and promoting price stability.

RELIABILITY

UGI Gas provides reliable natural gas supplies through a variety of approaches. The primary approach is the procurement of primary firm asset-backed capacity for core market customers. UGI Gas's primary firm asset-based capacity is the highest priority for customer deliveries. UGI Gas's philosophy emphasizes the ability to provide each firm customer with natural gas supply every day of the year, including the coldest winter day. Over the last several years, there has been a significant increase in the number of interstate pipeline capacity constraints, which has curtailed capacity with both primary and non-primary rights. Capacity reserves support UGI Gas's ability to meet customer demand in the event of primary capacity constraints, including constraints experienced on the interstate pipelines.

Another important piece of the reliability plan is the inclusion of a diverse mix of reliable supply sources in the asset portfolio. Over the past year, UGI Gas contracted for firm transportation, firm delivered supply, firm storage, and firm peaking services from a mix of five interstate pipeline companies and four suppliers. These providers are Columbia Gas Transmission, Eastern Gas Transmission, Supplier A, Supplier B, Tennessee, Texas Eastern, Transco, UGIES, and UGI Storage Company. In addition, UGI Gas purchased locally produced supplies from smaller producers connected directly to UGI Gas's distribution system. The Marcellus Shale region has become the primary supply source for UGI Gas. However, the source points for UGI Gas's gas supplies span from the Gulf of Mexico, Louisiana, and Texas to the Appalachian Mountains and Marcellus Shale region in Pennsylvania. UGI Gas also increases the reliability of supply by using storage facilities. During the summer season, UGI Gas buys natural gas and injects it into underground storage fields. During the winter season, UGI Gas withdraws gas from the storage

fields to supplement baseload purchases. Firm storage provides the Company with supply points that are geographically diverse, located primarily in UGI Gas's market area as opposed to the gulf coast. Having supplies available from varied locations reduces the risk of losing a large portion of supply at a single location. For example, storage facilities located within the nearby market areas are not as susceptible to hurricanes as are gulf coast production facilities. Currently, UGI Gas has approximately 20.3 MMdth of underground storage in its supply portfolio.

For core market customers, such as residential, small commercial, and industrial customers on UGI Gas's system, UGI Gas's Customer Choice Program requires Choice Suppliers to accept releases of primary firm pipeline capacity contracted by UGI Gas in an effort to maintain system reliability and facilitate the prudent allocation of costs. In addition to the requirement to comply with tariff Rate AG (Aggregation Service), which includes established penalties for failure to perform (as an attempt to assure reliable market performance), Choice Suppliers are also required to execute an Aggregation Agreement. This agreement allows UGI Gas to recall released capacity to meet its supplier of last resort obligation and preserve the integrity of supply for the core market (in the event of a supplier default). Aggregation Agreements also reduce risk during the supply transition under a default scenario.

PRICE STABILIZATION

In accordance with the Settlement in UGI Gas's 2004 PGC filing (Docket No. R-00049422), a consultant was hired with expertise in the use of financial instruments to review the Company's PGC risk management plan. The consultant's recommendations were reviewed and adopted by UGI Gas as part of a settlement agreement in Docket No. R-00049422. The revised hedging strategy consists of a time-triggered, layering-in approach for procurement of PGC seasonal supplies over an extended planning horizon. Additionally, UGI Gas utilizes financial instruments, specifically futures and options, in pursuit of its ongoing gas purchasing strategy to promote price stability and maintain operational flexibility. UGI Gas incorporates the purchase of options into its PGC supply portfolio at an annual cost not to exceed 5% of the notional value of the Company's open natural gas futures purchases pursuant to the settlement agreement in Docket No. R-2023-3040290. In addition, as a result of the Settlement at Docket No. R-2024-3048828, UGI Gas has implemented the recommendations provided by the Trigger Price Study through a consultant for the Company's natural gas hedging program.

PLANNING TOOLS

As described in Section 2-B, UGI Gas has two main planning tools that it uses in an effort to achieve the objectives of least cost procurement, reliability, risk management, and price stability. These tools are a supply optimization model and load duration analysis. Both tools are used to model the natural gas demand and supply balance. The demand and supply balance are modeled first yearly and seasonally. Then, the model provides monthly, weekly, and daily time results. UGI Gas adjusts the monthly and daily results based on actual weather and seasonal and annual constraints. Through this planning process, UGI Gas works to achieve its main procurement objectives.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

Annually and seasonally, UGI Gas's planning tools determine system capacity requirements. UGI Gas then aggressively pursues available market options to fill any incremental capacity needs. On a monthly and daily basis, UGI Gas works to implement the plans from the capacity optimization model and the load duration analysis. Since UGI Gas analyzes its portfolio for the lowest cost options, it is continually implementing a plan based on a least cost optimization of the entire asset portfolio.

Included in the portfolio and plans, among other assets, are the use of swing rights on firm transportation contracts and peaking services. These no-notice services facilitate balancing of the distribution system on a daily basis. Differences in the plan and actual results can arise from rapidly changing weather patterns, imprecise weather forecasts, economic shifts, or pipeline restrictions.

In addition to these planning tools, UGI Gas actively monitors ongoing advancements in the gas supply market and peer LDC activities in order to evaluate and act on opportunities for new types and sources of supply or other changes to its gas supply practices that will benefit its customers and support a more sustainable approach.

CAPACITY RELEASE AND INCENTIVE SHARING

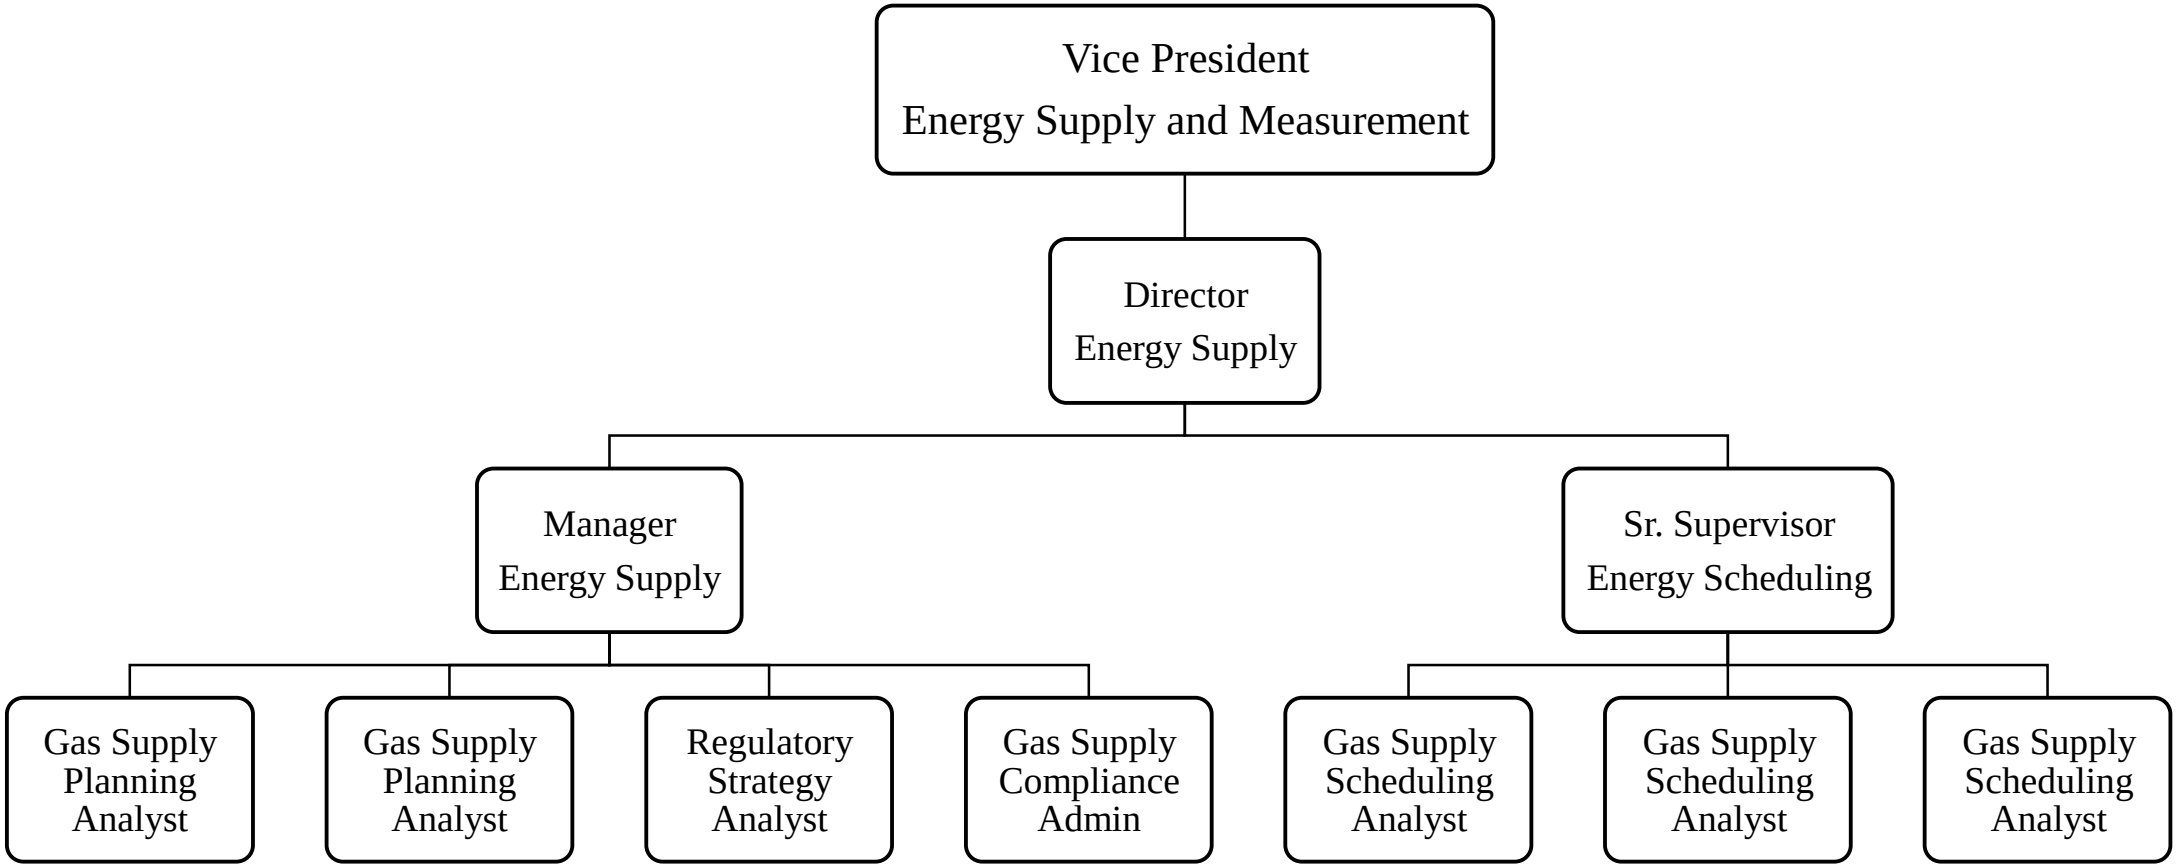
Federal regulatory policies provide opportunities to sell or release pipeline and storage capacities when they are not needed to meet firm demand. Such policies also permit UGI Gas to acquire capacity released by other shippers. UGI Gas will consider bidding on released capacity or releasing its own capacity when doing so aligns with its procurement policy.

During the past 12 months, UGI Gas's credits from short term, off-system capacity releases, storage asset management and off-system sales are included in Attachment 1-A-1 under the line item labeled "Non-Choice Cap Rel/Sharing Mech Credit." Attachments 1-B-1 and 1-B-2 show UGI Gas's forecast for these same credits for the projected 20-month period. The credits are variable based on market conditions.

SUMMARY

In summary, UGI Gas's fuel procurement practices are designed to meet the natural gas requirements of its firm customers following a least cost procurement strategy that ensures secure and reliable supplies and promotes price stability and, where possible, environmentally sustainable practices. UGI Gas utilizes several risk management tools, a diverse portfolio, and the resident knowledge of its employees to meet these objectives in a least cost manner. However, UGI Gas recognizes there is always room for further improvement. As outlined earlier in this section, UGI Gas will continue to seek out new solutions to better achieve the stated procurement goals.

ORGANIZATIONAL CHART



UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 6 [52 Pa. Code §53.64(c)(7)] OFF-SYSTEM SALES

A list of off system sales, including transportation, storage or capacity releases by the utility at less than the weighted average price of gas, or at less than the original contract cost of transportation, storage or capacity supplied to the utility for its own customers.

RESPONSE:

UGI Gas does not facilitate any off-system sales, transportation, storage or capacity releases based off of the weighted average price of gas. UGI Gas may release unused capacity on a daily basis to generate additional revenue for PGC customers.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 7 [52 Pa. Code §53.64(c)(8)] TRANSPORTATION AGREEMENTS

Provide a list of agreements to transport gas by the utility through its system, for other utilities, pipelines, or jurisdictional customers including the quantity and price of the transportation.

RESPONSE:

UGI Gas uses a standard form of contract for agreements with transportation customers. Copies of the standard form of agreements are attached as Attachment 7-1.

As of March 31, 2025, UGI Gas is transporting gas for 2,278 large (non-choice) customers. Of these, 238 are served under Rate IS (Interruptible Service), 113 are served under Rate XD (Extended Large Volume Delivery Service), 626 are served under Rate LFD (Large Firm Delivery Service), with the remaining 1,301 customers served under Rate DS (Delivery Service). In addition to these customer counts, UGI Gas is transporting gas for 81,867 Choice transportation customers served under Rate RT (Residential Transportation) and 20,727 Choice transportation customers served under Rate NT (Non-Residential Transportation).

UGI Gas Division Gas Tariff - PA P.U.C. No. 7 contains the currently effective tariff pages for the Transportation Rate Schedules. Pricing information is included in each Rate Schedule within the Rate Table Section.

The Company's tariff may be accessed on the web at:
https://ugi.outsystemsenterprise.com/UGITariff_FO/Tariffs?Division=Gas

The total volume transported by UGI Gas for the 12 months ended March 31, 2025 is shown on Attachment 1-C-1.

Account #_____

RATE DS SERVICE AGREEMENT

_____, a _____ Corporation/Partnership/Limited Liability Company/Sole Proprietorship ("Customer") and UGI Utilities, Inc., a Pennsylvania Corporation ("UGI"), intending to be legally bound hereby, enter into this Agreement (the "Agreement") this ___ day of _____, ____.

1. General Terms and Conditions – Customer agrees to take service provided by UGI under Rate Schedule DS of UGI Tariff Gas - Pa. P.U.C. No. 7 ("Tariff") and any effective superseding Tariff rate schedule. The Tariff provisions, UGI's Nomination Procedures ("Nomination Procedures") and any effective amendments to the Tariff and Nomination Procedure during the term of this Agreement, which specify rules for Rate DS service, are incorporated herein by reference and supersede any inconsistent provisions of this Agreement. In consideration of the rates and other service conditions specified herein, and in the Tariff, during the full term of this Agreement, Customer shall exclusively acquire its full firm gaseous fuel delivery requirements from UGI.

2. Service to be Provided - Subject to the terms of this Agreement, for each twenty-four (24) hour period commencing at 10:00 a.m. during the term of the Agreement (a "Gas Day"), UGI shall transport between the Pipeline Delivery Point(s) and the Destination Point(s) stated below the volumes of natural gas nominated properly by Customer, less the maximum amount of retainage for UGI's company use and unaccounted for gas, permitted by the Tariff, up to Customer's elected Maximum Daily Quantity ("MDQ"):

   Pipeline Delivery Point(s) – Any approved pipeline interconnect on UGI's system (may be modified upon thirty [30] days written notice subject to acceptance by UGI.)
   Destination Point(s) – _____
   Customer's MDQ shall be _____ Mcf per Gas Day.

3. Term - This Agreement shall become effective on the date written above and shall continue in effect for a term of one (1) year. This Agreement shall automatically renew on a year-to-year basis unless either party provides written notice, at least ninety (90) days prior to the expiration of the then-current term, of its intention to terminate the Agreement at the expiration of the then-current term.

4. Nomination - Customer shall nominate and deliver the volumes of natural gas to the Pipeline Delivery Point(s) during each Gas Day. Customer shall comply with all applicable nomination rules, as well as additional information regarding the scheduling of transportation customer supplies, which can be found on UGI's Energy Management Website. UGI reserves the right to make changes to Nomination Procedures at its sole discretion.

5. Daily Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI's company use and unaccounted for gas, with its withdrawals at the Destination Point(s) on a daily basis. Customer understands that a No Notice Allowance is an optional, fee-based service. Further, Customer understands that the election of a No Notice Allowance is for a twelve (12) month period, or until the Anniversary Date (which, for purposes of this Agreement, shall mean the date occurring at successive one (1) year intervals following the effective date of this Agreement, unless modified as hereinafter described), whichever is shorter. Customer understands that the No Notice Allowance will automatically renew at the same elected level unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

   Please elect one:
   ☐ Customer elects No Notice Allowance of _____ Mcf (must be greater than 4.5% of Customer's MDQ and no higher than Customer's MDQ)
   ☐ Customer elects to decline to purchase a No Notice Allowance and will balance under General Terms for Delivery Service for Rate Schedules DS, LFD, XD, and IS.

6. Monthly Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI's company use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a monthly basis. Inadvertent monthly imbalances shall be cashed-in/cashed-out as specified in the Tariff except to

the extent Customer elects Monthly Balancing Service ("MBS") and the inadvertent monthly imbalance can be accommodated under the terms and conditions specified in the Tariff for MBS. If the Customer elects MBS, the term of that election is twelve (12) months or until the end of the contract term, whichever is shorter. The MBS election will automatically renew unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

Customer elects the MBS option set forth below (please elect one):
☐ Customer hereby does elect MBS.
☐ Customer hereby does not elect MBS.

7. Upstream Transportation - Customer agrees that UGI shall act as Customer's designee for the sole purposes of (a) arranging and administering the transportation of gas to the UGI city gate, (b) executing agreements and amendments thereto as may be necessary to effectuate such transportation arrangements, and (c) paying the transportation and other charges associated with such transportation arrangements. Customer acknowledges and accepts the use of pipeline capacity and storage services assigned by UGI to its DS customers to deliver gas to the UGI city gate.

8. Measurement and Billing - UGI shall bill Customer on a monthly basis for Rate DS plus Rate NNS and/or Rate MBS, as applicable, and any applicable Tariff and Rider charges (the "Minimum Monthly Bill"). Upstream transportation and balancing provider(s)' and UGI records shall determine volumes delivered by Customer to the approved UGI city gate and UGI measuring facilities shall determine volumes delivered to the Destination Point(s). For billing purposes, all gas consumed shall be corrected to standard conditions of 14.73 pounds per square inch, absolute pressure, and a temperature of sixty (60) degrees Fahrenheit. Customer shall also reimburse UGI for any of Customer's upstream transportation and service charges within fifteen (15) days after UGI bills Customer for such charges, and agrees to pay the late payment charge specified in the Tariff if such payments are late.

9. Warranties and Indemnification - Customer warrants that (a) it shall have good title to all gas delivered to upstream transporters and UGI, (b) such gas shall be free of all liens or encumbrances of any kind, (c) gas delivered to upstream transporters shall be of sufficient pressure, heating quality and other physical qualities so that any upstream transporter shall receive and transport it and (d) Customer is an eligible end-user of gas to be transported hereunder and shall conform to all applicable Federal Energy Regulatory Commission and upstream service provider rules and regulations. Customer shall indemnify and hold harmless UGI and each of its officers, employees, successors and assigns from any claim (including reasonable attorney's fees in defense thereof or required to enforce this provision) arising out of Customer's breach of this Agreement or any of Customer's warranties hereunder.

10. Breach and Default - Customer shall be in breach of this Agreement upon the failure to pay any amount due to UGI under this Agreement. A party shall be in breach of this Agreement upon the failure to perform or observe any material term or condition of this Agreement. In the event of a breach, the non-breaching party shall provide the breaching party with written notice of the breach. If the breach is not cured within fifteen (15) days of the receipt of such notice (unless otherwise agreed upon among the parties), the breaching party shall be deemed in default of the Agreement. In the event a party is in breach or default of this Agreement, the other party shall be entitled to all direct damages caused by such breach or default, which, in the event of a default by Customer, shall include all stranded capacity resulting from the breach or default (which may not be the same capacity utilized by Customer), but in no event shall either party be liable to the other for any indirect, special or consequential damages except as otherwise provided herein. In recognition of the fact that UGI's damages may be difficult to calculate in the event of a breach or default by a Customer, UGI may elect, in lieu of seeking recovery of all direct damages, to receive liquidated damages in an amount equal to the Minimum Monthly Bill for the remainder of the term of the Agreement plus, if applicable, NNS, TED, and MBS charges and Charges For Other Transportation, all as specified in the Tariff, during the period of the breach or default. Nothing in this Section 10 shall in any way affect Customer's obligation to indemnify and hold harmless UGI as provided in Section 9 hereof.

11. Service Interruptions and Force Majeure - UGI's transportation of gas hereunder is on a best efforts basis, may be interrupted to comply with governmental requirements, emergencies, Tariff provisions, etc., and shall only be

provided to the extent UGI determines, in its sole judgment, that adequate transportation and delivery capacity is available on UGI's system and the system of any third party necessary to deliver gas to Customer. UGI and Customer shall not be liable to the other for any act of omission hereunder caused by an event not reasonably within the control of the party and which by the exercise of due diligence such party is unable to prevent or overcome (a "Force Majeure"). If Customer is unable to take deliveries of gas because of a Force Majeure event, it shall nonetheless be responsible for all upstream capacity or customer charges, and all commodity charges for gas actually received during the Force Majeure event. A party claiming Force Majeure shall provide prompt written notice to the other party of the start date of the Force Majeure event, its cause, and probable duration.

12. Notices - Notices under this Agreement, unless changed by written notice, shall be delivered as follows:

To UGI:	**To Customer:**
1 UGI Drive	_____
Denver, PA 17517	_____
Telephone: (866) 615-0571	_____
Email: LCBGroup@ugi.com	

13. Assignment - Customer shall not assign any of its rights, interests or obligations under this Agreement without the express prior written consent of UGI.

14. Waiver - The failure of UGI to enforce the provisions of this Agreement at any time shall not constitute a waiver of such provisions in any way or waive the right of UGI any time to avail itself of such remedies as it may have for any breach or breaches of such provisions. None of the conditions of this Agreement shall be considered waived by UGI unless such waiver is explicitly given in writing. No such waiver shall apply to any past or future default, breach or modification of any of the terms or conditions of this Agreement unless expressly stipulated in such waiver.

15. Integration - This Agreement constitutes the entire contract between the parties with respect to the subject matter herein, superseding any previous oral or written communications, representations, undertakings, or agreements, and shall not be amended, modified, or changed, except as expressly provided herein or except in writing duly executed by the parties.

16. Mutual Agreement to Conduct a Particular Transaction by Electronic Means - This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. The delivery of an executed counterpart of this Agreement by e-mail delivery of a ".pdf" format data file shall be deemed to be valid delivery thereof. The parties to this agreement agree to execution of this agreement by electronic means pursuant to the Electronic Transactions Act, 73 P.S. § 2260.101 et seq. Each party agrees that electronic signatures of the parties are intended to authenticate this writing and to have the same force and effect as manual signatures.

The parties have accordingly executed this Agreement the day and year first above written.

RATE IS – INTERRUPTIBLE SERVICE AGREEMENT

_____, a _____ Corporation/Partnership/Limited Liability Company ("Customer"), and UGI Utilities, Inc., a Pennsylvania Corporation ("UGI"), intending to be legally bound hereby, enter into this Agreement (the "Agreement") this ____ day of _____, ____.

1. General Terms and Conditions – Customer agrees to take service under the terms and conditions herein, including the pricing provisions set forth in the Extended Term Pricing Letter set forth in **Appendix A**. Service will be provided by UGI under Rate IS of UGI's Tariff Gas Pa. P.U.C. No. 7 ("Tariff") and any superseding Tariff schedule. The Tariff provisions, UGI's Nomination Procedure ("Nomination Procedures") and any effective amendments to the Tariff and Nomination Procedure during the term of this Agreement, which specify rules for Rate IS service, are incorporated herein by reference and supersede any inconsistent provisions of this Agreement.

2. Service to be Provided – Subject to the terms of this Agreement, for each twenty-four (24) hour period commencing at 10:00 a.m. during the term of the Agreement (a "Gas Day"), UGI shall, on a best efforts basis, transport between the Pipeline Delivery Point(s) and the Destination Point(s) stated below the volumes of natural gas nominated properly by Customer, less the maximum amount of retainage for UGI's company use and unaccounted for gas, permitted by the Tariff, up to Customer's elected Maximum Daily Quantity ("MDQ"):

   Pipeline Delivery Point(s) – Any approved pipeline interconnect on UGI's system (may be modified upon thirty [30] days written notice subject to acceptance by UGI.)
   Destination Point(s) - _____
   Customer's MDQ shall be _____ Mcf per Gas Day.

3. Term - This Agreement shall become effective on the date first above written and shall continue in effect for a term of one (1) year. The terms of this Agreement shall renew automatically on a year-to-year basis, subject to pricing revisions, which shall be memorialized in a subsequent or Extended Term Pricing Letter (which shall be substantially in the form provided in **Appendix A** hereto), unless either party provides written notice, at least ninety (90) days prior to the expiration of the then-current term, of its intention to terminate the Agreement at the expiration of the then-current term.

4. Nomination - Customer shall nominate and deliver the volumes of natural gas to the Pipeline Delivery Point(s) during each Gas Day. Customer shall comply with all applicable nomination rules, as well as additional information regarding the scheduling of transportation customer supplies can be found on UGI's Energy Management Website. UGI reserves the right to make changes to Nomination Procedures at its sole discretion.

5. Daily Balancing - Customer shall balance its nominated deliveries to the Pipeline Deliver Point(s), less retainage for UGI use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a daily basis. Customer understands that a No Notice Allowance is an optional, fee-based service. Further, Customer understands that the election of a No Notice Allowance is for a twelve (12) month period, or until the Anniversary Date (which, for purposes of this Agreement, shall mean the date occurring at successive one (1) year intervals following the effective date of this Agreement, unless modified as hereinafter described), whichever is shorter. Customer understands that the No Notice Allowance will automatically renew at the same elected level unless written notice of change or termination is provided to the UGI ninety (90) days prior to the Anniversary Date.

   Please elect one:

   ☐ Customer elects No Notice Allowance of _____ Mcf (must be greater than 4.5% of Customer's MDQ and no higher than Customer's MDQ)
   ☐ Customer elects to decline to purchase a No Notice Allowance and will balance under General Terms for Delivery Service for Rate Schedules DS, LFD, XD, and IS.

6. Monthly Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI's company use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a monthly basis. Inadvertent monthly imbalances shall be cashed-in/cashed-out as specified in the Tariff except to the extent Customer elects Monthly Balancing Service ("MBS"), and the inadvertent monthly imbalance can be accommodated under the terms and conditions specified in the Tariff for MBS. If the Customer elects MBS, the term of that election is twelve (12) months or until the end of the contract term, whichever is shorter. The MBS election will automatically renew unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

   Customer elects the MBS option set forth below (please indicate one):

   ☐ Customer hereby does elect MBS.
   ☐ Customer hereby does not elect MBS.

7. Measurement and Billing - UGI shall bill Customer on a monthly basis for Rate IS plus Rate NNS and/or Rate MBS service, as applicable, and any applicable Tariff and Rider charges. Upstream transportation and balancing provider(s)' and UGI records shall determine volumes delivered by Customer to the approved UGI city gate(s), and UGI measuring facilities shall determine volumes delivered to the Destination Point(s). Customer shall be billed according to the terms of the Extended Term Pricing Letter set forth in **Appendix A**. For billing purposes, all gas consumed shall be corrected to standard conditions of 14.73 pounds per square inch, absolute pressure, and a temperature of sixty (60) degrees Fahrenheit. Customer shall be obligated to pay the Minimum Annual Bill as defined in the Tariff.

8. Warranties and Indemnification - Customer warrants that (a) it shall have good title to all gas delivered to UGI, (b) such gas shall be free of all liens or encumbrances of any kind, (c) Customer is eligible for service hereunder under the Availability section of Rate IS, (d) Customer's alternate fuel pricing category is No. _____ fuel oil, and (e) Customer does/does not maintain an adjustable and automatic temperature-control device which transfers the fuel supply between gas and the alternate fuel. Customer shall indemnify and hold harmless UGI and each of its officers, employees, successors and assigns from any claim (including reasonable attorney's fees in defense thereof or required to enforce this provision) arising out of Customer's breach of this Agreement or any of Customer's warranties hereunder.

9. Breach and Default – Customer shall be in breach of this Agreement upon the failure to pay any amount due the other party under this Agreement. A party shall be in breach of this Agreement upon the failure to perform or observe any material term or condition of this Agreement. In the event of a breach, the non-breaching party shall provide the breaching party with written notice of the breach. If the breach is not cured within fifteen (15) days of the receipt of such notice (unless otherwise agreed upon among the parties), the breaching party shall be deemed in default of the Agreement. In the event a party is in breach or default of this Agreement, the other party shall be entitled to all direct damages caused by such breach or default, which, in the event of a default by Customer, shall include all stranded capacity resulting from the breach or default (which may not be the same capacity utilized by Customer), but in no event shall either party be liable to the other for any indirect, special or consequential damages except as otherwise provided herein. In recognition of the fact that UGI's damages may be difficult to calculate in the event of a breach or default by a Customer, UGI may elect, in lieu of seeking recovery of all direct damages, to receive liquidated damages in an amount equal to the Minimum Bill for the remainder of the term of the Agreement, as defined in the Tariff, plus the Minimum Annual Bill plus, if applicable, NNS, TED and MBS charges as specified in the Tariff, during the period of the breach or default. Nothing in this Section 9 shall in any way affect the Customer's obligation to indemnify and hold harmless UGI as provided in Section 8 hereof.

10. Service Interruptions and Force Majeure - UGI's transportation of gas hereunder is on a best efforts basis, may be interrupted to comply with governmental requirements, emergencies, Tariff provisions, etc., and shall only be provided to the extent UGI determines, in its sole judgment, that adequate transportation and delivery capacity is available on UGI's system and the system of any third party necessary to deliver gas to Customer. UGI and Customer shall not be liable to the other for any act of omission hereunder caused by an event not reasonably within the control of the party and which by the exercise of due diligence such party is unable to prevent or overcome (a "Force Majeure"). If Customer is unable to take deliveries of gas because of a Force Majeure event, it shall

nonetheless be responsible for all customer charges even if no gas is taken, and all commodity charges for gas actually received during the Force Majeure event. A party claiming Force Majeure shall provide prompt written notice to the other party of the start date of the Force Majeure event, its cause, and probable duration.

11. Notices - Notices under this Agreement, unless changed by written notice, shall be delivered as follows:

To UGI:	**To Customer:**
1 UGI Drive	_____
Denver, PA 17517	_____
Telephone: (866) 615-0571	_____
Email: LCBGroup@ugi.com	

12. Assignment - Customer shall not assign any of its rights, interests or obligations under this Agreement without the express prior written consent of UGI.

13. Waiver - The failure of UGI to enforce the provisions of this Agreement at any time shall not constitute a waiver of such provisions in any way or waive the right of UGI any time to avail itself of such remedies as it may have for any breach or breaches of such provisions. None of the conditions of this Agreement shall be considered waived by UGI unless such waiver is explicitly given in writing. No such waiver shall apply to any past or future default, breach, or modification of any of the terms or conditions of this Agreement unless expressly stipulated in such waiver.

14. Integration - This Agreement constitutes the entire contract between the parties with respect to the subject matter herein, superseding any previous oral or written communications, representations, undertakings, or agreements, and shall not be amended, modified, or changed, except as expressly provided herein or except in writing duly executed by the parties.

15. Mutual Agreement to Conduct a Particular Transaction by Electronic Means - This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. The delivery of an executed counterpart of this Agreement by e-mail delivery of a ".pdf" format data file shall be deemed to be valid delivery thereof. The parties to this agreement agree to execution of this agreement by electronic means pursuant to the Electronic Transactions Act, 73 P.S. § 2260.101 et seq. Each party agrees that electronic signatures of the parties are intended to authenticate this writing and to have the same force and effect as manual signatures.

16. Confidentiality – Customer shall keep the terms of this Agreement, and in particular the pricing terms thereof ("Proprietary Information"), confidential, and shall not, without UGI's prior written consent, disclose to any third party such Proprietary Information. Customer agrees to limit the disclosure of the Proprietary Information to only those officers, employees, and agents (including attorneys, accountants, and consultants) which require access to the Proprietary Information to perform essential business functions. Prior to such disclosure, Customer shall inform such employees and agents of the confidential and proprietary nature of the information. The foregoing obligations shall not apply to information that Customer can demonstrate was in the public domain at the time of disclosure, or which subsequently became part of the public domain through no fault of Customer. Additionally, if Customer receives a public or private disclosure request for Proprietary Information through administrative or legal proceedings, Customer shall inform UGI of the request and shall not disclosure such Proprietary Information unless ordered to do so by an administrative agency or court of competent jurisdiction. The parties hereto agree that the damages to UGI resulting from a breach of the provisions of this section would be difficult to measure, and that UGI may elect, in lieu of proving direct damages, to receive liquidated damages from Customer in the amount of $500,000.00 for any breach of the provisions of this section.

The parties have accordingly executed this Agreement the day and year first above written.

APPENDIX A

Extended Term Pricing Letter

Dear :

RE: IS___ Extended Term Pricing Agreement

This letter, for purposes of establishing your extended term interruptible service ("IS") rate, will act as the pricing agreement between UGI Utilities ("UGI") and _____ ("Customer"). All other terms and conditions of the IS service agreement will continue in effect.

UGI establishes a distribution charge of $____/Mcf and a Monthly Customer Charge of $_____ for the billing months of _____ through _____. In exchange for the extended term price, Customer must commit to use a minimum of _____ Mcf of natural gas each year during the _____-year agreement. Any shortfall between the committed volumes less the actual consumption by Customer shall be billed yearly at the agreed rate of $_____/Mcf.

Customer agrees the terms of this agreement shall be kept confidential and shall not be disclosed to third parties without the prior written approval of UGI.

Prior to the conclusion of this ___-year term, UGI will contact Customer to renegotiate pricing for the upcoming period.

By signing and returning this agreement, you are agreeing to the terms herein. If you have any questions, please feel free to contact me directly.

Sincerely,

Director of Sales

RATE LFD – LARGE FIRM DELIVERY SERVICE AGREEMENT

_____, a _____ Corporation/Partnership/Limited Liability Company ("Customer") and UGI Utilities, Inc., a Pennsylvania Corporation ("UGI"), intending to be legally bound hereby, enter into this Agreement (the "Agreement") this ___ day of _____, _____.

1. General Terms and Conditions – Customer agrees to take service provided by UGI under Rate Schedule LFD of UGI Tariff Gas - Pa. P.U.C. No. 7 ("Tariff") and any superseding Tariff rate schedule. The Tariff provisions, UGI's Nomination Procedures ("Nomination Procedures") and any effective amendments to the Tariff and Nomination Procedures during the term of this Agreement, which specify rules for Rate LFD service, are incorporated herein by reference and supersede any inconsistent provisions of this Agreement. In consideration of the rates and other service conditions specified herein and in the Tariff, during the full term of this Agreement, Customer shall exclusively acquire its full firm gaseous fuel delivery requirements from UGI.

2. Service to be Provided - Subject to the terms of this Agreement, for each twenty-four (24) hour period commencing at 10:00 a.m. during the term of the Agreement (a "Gas Day"), UGI shall transport between the Pipeline Delivery Point(s) and the Destination Point(s) stated below, the volumes of natural gas nominated properly by Customer, less the maximum amount of retainage for UGI's company use and unaccounted for gas permitted by the Tariff, up to Customer's elected Daily Firm Requirement ("DFR").

   Pipeline Delivery Point(s) – Any approved pipeline interconnect on UGI's system (may be modified upon thirty [30] days written notice subject to acceptance by UGI.)

   Destination Point(s) – _____

   Customer hereby elects a DFR of ____ Mcf per Gas Day.

   All volumes of natural gas transported by UGI for Customer on UGI's system in excess of the Customer's DFR as stated above shall be transported on an interruptible basis.

3. Term - This Agreement shall become effective on the date written above, and shall continue in effect for a term of two (2) years, unless this period is extended by the provisions of Section 4 (Changing the Daily Firm Requirement), Section 13 (Service Interruptions and Force Majeure) or other provisions of this Agreement. This Agreement shall renew automatically for additional two (2) year terms unless either party provides written notice, at least twelve (12) months prior to the expiration of the then-current term, of its intention to terminate the Agreement at the expiration of the then-current term.

4. Changing the Daily Firm Requirement - Customer acknowledges that UGI often must make long term commitments to meet Customer's firm needs. Customer may nonetheless request a change in its DFR. If UGI denies the request, it shall so inform Customer within thirty (30) days of its receipt of Customer's request. Customer requests to decrease a DFR shall not exceed twenty percent (20%) per "Contract Year" which, for purposes of this Agreement, shall mean each successive year following the effective date of this Agreement. Requests to decrease a DFR which are granted by UGI shall become effective on the next "Anniversary Date" of this Agreement which, for purposes of this Agreement, shall mean the date occurring at successive one (1) year

intervals following the effective date of this Agreement, unless modified as hereinafter described. Requests to decrease a DFR must be received at least ninety (90) days prior to an Anniversary Date to become effective on that date. Requests to increase a DFR which are granted by UGI shall become effective on the first of the month no later than ninety (90) days following UGI's receipt of the request, unless a later date is specified by Customer, and the effective date shall establish a new Anniversary Date for the Agreement and shall correspondingly increase the term of this Agreement by the term of the new DFR election.

5. Nomination - Customer shall nominate and deliver the volumes of natural gas to the Pipeline Delivery Point(s) during each Gas Day. Customer shall comply with all applicable nomination rules, as well as additional information regarding the scheduling of transportation customer supplies, which can be found on UGI's Energy Management Website. UGI reserves the right to make changes to Nomination Procedures at its sole discretion.

6. Daily Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI's company use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a daily basis. Customer understands that a No Notice Allowance is an optional, fee-based service under Rate No-Notice Service ("NNS"). Further, Customer understands that the election of No Notice Allowance is for a twelve (12) month period, or until the Anniversary Date, whichever is shorter. Customer understands that the No Notice Allowance will automatically renew at the same elected level unless written notice of change or termination is provided to the UGI ninety (90) days prior to the Anniversary Date.

   Please elect one:

   ☐ Customer elects No Notice Allowance of _____ Mcf (must be greater than 4.5% of Customer's MDQ but no higher than Customer's MDQ)

   ☐ Customer elects to decline to purchase a No Notice Allowance and will balance under General Terms for Delivery Service for Rate Schedules DS, LFD, XD, and IS.

7. Excess Requirement Option - Deliveries in excess of Customer's DFR may not be accommodated by No Notice Allowance alone. Inadvertent daily imbalances in excess of four and a half percent (4.5%) per Gas Day not accommodated by NNS shall be subject to the penalties specified in the Tariff. Customer may, however, elect the Excess Requirement Option ("ERO") of NNS by nominating a Daily Excess Requirement ("DER") of not less than five (5) Mcf and not more than twenty-five percent (25%) of customer's DFR per Gas Day. If elected, NNS shall be extended on an interruptible best efforts basis to deliveries in excess of Customer's DFR provided that such excess is no greater than Customer's DER. Customer may choose one of four ERO options: (1) ERO at 25%; (2) ERO at another set percentage; (3) ERO at a set MCF/day; or (4) declines ERO. If the Customer elects an ERO, the term of that election is the earlier of twelve (12) months or until the Anniversary Date. The ERO will automatically renew at the same elected level unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date. Customer elects the ERO option set forth below to accommodate inadvertent daily imbalances in excess of Customer's DFR.

   Please elect one:

   ☐ ERO at the full 25% of my DFR

   ☐ ERO at _____ % of my DFR

   ☐ ERO at _____ MCF per day (minimum is five [5] MCF, maximum is 25% of the DFR)

☐ Customer declines to purchase ERO

8. Monthly Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI's company use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a monthly basis. Inadvertent monthly imbalances shall be cashed-in/cashed-out as specified in the Tariff except to the extent Customer elects Monthly Balancing Service ("MBS"), and the inadvertent monthly imbalance can be accommodated under the terms and conditions specified in the Tariff for MBS. If the Customer elects MBS, the term of that election is twelve (12) months or until the Anniversary Date, whichever is shorter. The MBS election will automatically renew at the same elected level unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

   Customer elects the MBS option set forth below (please elect one):

   ☐ Customer hereby does elect MBS.

   ☐ Customer hereby does not elect MBS.

9. Upstream Transportation - Customer may designate UGI for the limited purpose of arranging upstream transportation services and acknowledges and accepts the use of pipeline capacity assigned by UGI to its LFD customers to deliver gas to the Pipeline Delivery Point(s). Customer acknowledges further that UGI has acquired or assigned a portfolio of capacity contracts to meet the requirements of its firm customers, and that such contracts often have multi-year terms. If a Customer has designated UGI to arrange for upstream transportation, Customer agrees to provide UGI with twelve (12) months' advance notice of its desire to utilize other transportation arrangements, unless otherwise approved by UGI. Similarly, if Customer utilizes other transportation arrangements and desires to receive upstream transportation services from UGI, it shall provide UGI with twelve (12) months' advance notice, unless otherwise approved by UGI. Capacity released to Customer pursuant to this section shall be priced in accordance with UGI's Tariff.

   Please elect one:

   ☐ Customer accepts upstream transportation services from UGI and an assignment of capacity from UGI.

   ☐ Customer rejects upstream transportation services from UGI and an assignment of capacity from UGI.

10. Measurement and Billing - UGI shall bill Customer on a monthly basis for Rate LFD and, if applicable, Rates NNS, ERO, MBS and/or the TED Rider. Upstream transportation and balancing provider(s)' records and UGI records shall determine volumes delivered by Customer to the approved UGI city gate(s), and UGI measuring facilities shall determine volumes delivered to the Destination Point(s). For billing purposes, all gas consumed shall be corrected to standard conditions of 14.73 pounds per square inch, absolute pressure, and a temperature of sixty (60) degrees Fahrenheit. Customer shall also reimburse UGI for any of Customer's upstream transportation and service charges within fifteen (15) days after UGI bills Customer for such charges, and agrees to pay the late payment charge specified in the Tariff if such payments are late. Customer shall be obligated to pay the Minimum Monthly Bill and Minimum Annual Bill for Rate LFD as defined in the Tariff.

11. Warranties and Indemnification - Customer warrants that (a) it shall have good title to all gas delivered to upstream transporters and UGI, (b) such gas shall be free of all liens or encumbrances of any kind, (c) gas delivered to upstream transporters shall be of sufficient pressure, heating quality and other physical qualities so that any upstream transporter shall receive and transport it, and (d) Customer is an eligible end-user of gas to be

transported hereunder and shall conform to all applicable Federal Energy Regulatory Commission and upstream service provider rules and regulations. Customer shall indemnify and hold harmless UGI and each of its officers, employees, successors and assigns from any claim (including reasonable attorney's fees in defense thereof or required to enforce this provision) arising out of Customer's breach of this Agreement or any of Customer's warranties hereunder.

12. Breach and Default - Customer shall be in breach of this Agreement upon the failure to pay any amount due to UGI under this Agreement. A party shall be in breach of this Agreement upon the failure to perform or observe any material term or condition of this Agreement. In the event of a breach, the breaching party shall provide the non-breaching party with written notice of the breach. If the breach is not cured within fifteen (15) days (unless otherwise agreed upon among the parties) of the receipt of such notice, the breaching party shall be deemed in default of the Agreement. In the event a party is in breach or default of this Agreement, the other party shall be entitled to all direct damages caused by such breach or default, which, in the event of a default by Customer, shall include all stranded capacity resulting from the breach or default (which may not be the same capacity utilized by Customer), but in no event shall either party be liable to the other for any indirect, special or consequential damages except as otherwise provided herein. In recognition of the fact that UGI's damages may be difficult to calculate in the event of a breach or default by a Customer, UGI may elect, in lieu of seeking recovery of all direct damages, to receive liquidated damages in an amount equal to the Minimum Monthly Bill for the remainder of the term of the Agreement plus the Minimum Annual Bill plus, if applicable, NNS, ERO, and MBS charges and Charges For Other Transportation, all as specified in the Tariff, during the period of the breach or default. Nothing in this Section 13 shall in any way affect Customer's obligation to indemnify and hold harmless UGI as provided in Section 12 hereof.

13. Service Interruptions and Force Majeure - UGI's transportation of gas hereunder is on a best efforts basis, may be interrupted to comply with governmental requirements, emergencies, Tariff provisions, etc., and shall only be provided to the extent UGI determines, in its sole judgment, that adequate transportation and delivery capacity is available on UGI's system and the system of any third party necessary to deliver gas to Customer. UGI and Customer shall not be liable to the other for any act of omission hereunder caused by an event not reasonably within the control of the party and which by the exercise of due diligence such party is unable to prevent or overcome (a "Force Majeure"). If Customer is unable to take deliveries of gas because of a Force Majeure event, it shall nonetheless be responsible for all upstream capacity or Customer charges even if no gas is taken, and all commodity charges for gas actually received during the Force Majeure event. If Customer has a Minimum Annual Bill Volume obligation which it is unable to meet because of an event of Force Majeure, the term of this Agreement shall be extended for a period equal to the period of the Force Majeure event. A party claiming Force Majeure shall provide prompt written notice to the other party of the start date of the Force Majeure event and its cause and probable duration.

14. Notices - Notices under this Agreement, unless changed by written notice, shall be delivered as follows:

To UGI:	**To Customer:**
1 UGI Drive	_____
Denver, PA 17517	_____

For Interruption:
Telephone: (866) 615-0571
Email: LCBGroup@ugi.com

15. Assignment - Customer shall not assign any of its rights, interests or obligations under this Agreement without the express prior written consent of UGI.

16. Waiver - The failure of UGI to enforce the provisions of this Agreement at any time shall not constitute a waiver of such provisions in any way or waive the right of UGI any time to avail itself of such remedies as it may have for any breach or breaches of such provisions. None of the conditions of this Agreement shall be considered waived by UGI unless such waiver is explicitly given in writing. No such waiver shall apply to any past or future default, breach, or modification of any of the terms or conditions of this Agreement unless expressly stipulated in such waiver.

17. Integration - This Agreement constitutes the entire contract between the parties with respect to the subject matter herein, superseding any previous oral or written communications, representations, undertakings, or agreements, and shall not be amended, modified, or changed, except as expressly provided herein or except in writing duly executed by the parties.

18. Mutual Agreement to Conduct a Particular Transaction by Electronic Means - This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. The delivery of an executed counterpart of this Agreement by e-mail delivery of a ".pdf" format data file shall be deemed to be valid delivery thereof. The parties to this agreement agree to execution of this agreement by electronic means pursuant to the Electronic Transactions Act, 73 P.S. § 2260.101 et seq. Each party agrees that electronic signatures of the parties are intended to authenticate this writing and to have the same force and effect as manual signatures.

The parties have accordingly executed this Agreement the day and year first above written.

RATE XD – EXTENDED LARGE VOLUME DELIVERY SERVICE AGREEMENT

_____, a _____ Corporation/Partnership/Limited Liability Company ("Customer") and UGI Utilities, Inc., a Pennsylvania Corporation ("UGI"), intending to be legally bound hereby, enter into this Agreement (the "Agreement") this ___ day of _____, _____.

1. General Terms and Conditions – Customer agrees to take service provided by UGI under Rate Schedule XD of UGI Tariff Gas - Pa. P.U.C. No. 7 ("Tariff") and any superseding Tariff rate schedule. The Tariff provisions, UGI's Nomination Procedures ("Nomination Procedures") and any effective amendments to the Tariff and Nomination Procedure during the term of this Agreement, which specify rules for Rate XD service, are incorporated herein by reference and supersede any inconsistent provisions of this Agreement. In consideration of the rates and other service conditions specified herein and in the Tariff, during the full term of this Agreement, Customer shall exclusively acquire its full firm gaseous fuel delivery requirements from UGI.

2. Service to be Provided - Subject to the terms of this Agreement, for each twenty-four (24) hour period commencing at 10:00 a.m. during the term of the Agreement (a "Gas Day"), UGI shall transport between the Pipeline Delivery Point(s) and the Destination Point(s) stated below the volumes of natural gas nominated properly by Customer, less the maximum amount of retainage for UGI use and unaccounted for gas, permitted by the Tariff, up to Customer's elected Daily Firm Requirement ("DFR").

   Pipeline Delivery Point(s) – Any approved pipeline interconnect on UGI's system (may be modified upon ninety [90] days written notice subject to acceptance by UGI.)
   Destination Point(s) – _____
   Customer hereby elects a DFR of ____ Mcf per Gas Day.
   All volumes of natural gas transported by UGI for Customer on UGI's system in excess of the Customer's DFR as stated above shall be transported on an interruptible basis, as specified in the Rate XD schedule in the Tariff.

3. Term - This Agreement shall become effective on the date written above, and shall continue in effect for a term of three (3) years, unless this period is extended by the provisions of Section 4 (Changing the Daily Firm Requirement), Section 11 (Service Interruptions and Force Majeure) or other provisions of this Agreement. This Agreement shall renew automatically for additional three (3) year terms unless either party provides written notice, at least twelve (12) months prior to the expiration of the then-current term, of its intention to terminate the Agreement at the expiration of the then-current term.

4. Changing the Daily Firm Requirement - Customer acknowledges that UGI often must make long term commitments to meet Customer's firm needs. Customer may nonetheless request a change in its DFR.

   a. Denied Requests to Change the DFR. If UGI denies the request, it shall so inform Customer of this denial in writing, pursuant to the Notices in Section 12 herein.
   b. Decreased DFR. Customer requests to decrease a DFR shall not exceed twenty percent (20%) per "Contract Year" which, for purposes of this Agreement, shall mean each successive year following the effective date of this Agreement. Requests to decrease a DFR which are granted by UGI shall become effective on the next "Anniversary Date" of this Agreement which, for purposes of this Agreement, shall mean the date occurring at successive one (1) year intervals following the effective date of this Agreement, unless modified as hereinafter described. Requests to decrease a DFR must be received ninety (90) days or earlier prior to an Anniversary Date to become effective on that date.
   c. Increased DFR. Requests to increase a DFR which are granted by UGI shall become effective on the date specified by UGI in writing to the Customer, pursuant to the Notices in Section 12 herein, and the effective date shall establish a new Anniversary Date for the Agreement and shall correspondingly increase the term of this Agreement by the term of the new DFR election.

5. Nomination - Customer shall nominate and deliver the volumes of natural gas to be delivered to the Pipeline

Delivery Point(s) during each Gas Day. Customer shall comply with all applicable nomination rules, as well as additional information regarding the scheduling of transportation customer supplies, which can be found on UGI's Energy Management Website. UGI reserves the right to make changes to Nomination Procedures at its sole discretion.

6. Daily Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a daily basis. Customer understands that a No Notice Allowance is an optional, fee-based service. Further, Customer understands that the election of a No Notice Allowance is for a twelve (12) month period, or until the Anniversary Date, whichever is shorter. Customer understands that the No Notice Allowance will automatically renew at the same elected level unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

   Please elect one:

   ☐ Customer elects No Notice Allowance of _____ Mcf (must be greater than 4.5% of Customer's DFR and no higher than Customer's DFR)
   ☐ Customer elects to decline to purchase a No Notice Allowance and will balance under General Terms for Delivery Service for Rate Schedules DS, LFD, XD, and IS.

7. Monthly Balancing - Customer shall balance its nominated deliveries to the Pipeline Delivery Point(s), less retainage for UGI use and unaccounted for gas, to its withdrawals at the Destination Point(s) on a monthly basis. Inadvertent monthly imbalances shall be cashed-in/cashed-out as specified in the Tariff except to the extent Customer elects Monthly Balancing Service ("MBS"), and the inadvertent monthly imbalance can be accommodated under the terms and conditions specified in the Tariff for MBS. If the Customer elects MBS, the term of that election is twelve (12) months or until the Anniversary Date, whichever is shorter. The MBS election will automatically renew at the same elected level unless written notice of change or termination is provided to UGI ninety (90) days prior to the Anniversary Date.

   Customer elects the MBS option set forth below (please elect one):
   ☐ Customer hereby does elect MBS.
   ☐ Customer hereby does not elect MBS.

8. Measurement and Billing – UGI shall bill Customer on a monthly basis for Rate XD plus Rate NNS and/or Rate MBS service, as applicable, plus any applicable Tariff and Rider Charges. Upstream transportation and balancing provider(s') records and UGI records shall determine volumes delivered by Customer to the approved UGI city gate(s), and UGI measuring facilities shall determine volumes delivered to the Destination Point(s). For billing purposes, all gas consumed shall be corrected to standard conditions of 14.73 pounds per square inch, absolute pressure, and a temperature of sixty (60) degrees Fahrenheit. Customer shall also reimburse UGI for any of Customer's upstream transportation and service charges within fifteen (15) days after UGI bills Customer for such charges, and agrees to pay the late payment charge specified in the Tariff if such payments are late. Customer shall be obligated to pay the Monthly Bill and Minimum Annual Bill as set forth on **Appendix A**.

9. Warranties and Indemnification - Customer warrants that (a) it shall have good title to all gas delivered to upstream transporters and UGI, (b) such gas shall be free of all liens or encumbrances of any kind, (c) gas delivered to upstream transporters shall be of sufficient pressure, heating quality and other physical qualities so that any upstream transporter shall receive and transport it, and (d) Customer is an eligible end-user of gas to be transported hereunder and shall conform to all applicable Federal Energy Regulatory Commission and upstream service provider rules and regulations. Customer shall hold UGI and each of its officers, employees, successors and assigns harmless from any claim (including reasonable attorney's fees in defense thereof or required to enforce this provision) arising out of Customer's breach of this Agreement or any of Customer's warranties hereunder.

10. Breach and Default - Customer shall be in breach of this Agreement upon the failure to pay any amount due to UGI under this Agreement. A party shall be in breach of this Agreement upon the failure to perform or observe any material term or condition of this Agreement. In the event of a breach, the non-breaching party shall provide the breaching party with written notice of the breach. If the breach is not cured within fifteen (15) days (unless

otherwise agreed upon among the parties) of the receipt of such notice, the breaching party shall be deemed in default of the Agreement. In the event a party is in breach or default of this Agreement, the other party shall be entitled to all direct damages caused by such breach or default, which, in the event of a default by Customer, shall include all stranded capacity resulting from the breach or default (which may not be the same capacity utilized by Customer), but in no event shall either party be liable to the other for any indirect, special or consequential damages except as otherwise provided herein. In recognition of the fact that UGI's damages may be difficult to calculate in the event of a breach or default by a Customer, UGI may elect, in lieu of seeking recovery of all direct damages, to receive liquidated damages in an amount equal to the Monthly Bill for the remainder of the term of the Agreement, plus the Minimum Annual Bill plus, if applicable, NNS, TED, and MBS charges and Charges For Other Transportation, all as specified in the Tariff. Nothing in this Section 10 shall in any way affect Customer's obligation to indemnify UGI as provided in Section 9 hereof.

11. Service Interruptions and Force Majeure - UGI's transportation of gas hereunder is on a best efforts basis, may be interrupted to comply with governmental requirements, emergencies, Tariff provisions, etc., and shall only be provided to the extent UGI determines, in its sole judgment, that adequate transportation and delivery capacity is available on UGI's system and the system of any third party necessary to deliver gas to Customer. UGI and Customer shall not be liable to the other for any act of omission hereunder caused by an event not reasonably within the control of the party and which by the exercise of due diligence such party is unable to prevent or overcome (a "Force Majeure"). If Customer is unable to take deliveries of gas because of a Force Majeure event, it shall nonetheless be responsible for all upstream capacity or customer charges even if no gas is taken, and all commodity charges for gas actually received during the Force Majeure event. If Customer has a Minimum Annual Bill Volume obligation which it is unable to meet because of an event of Force Majeure, the term of this Agreement shall be extended for a period equal to the period of the Force Majeure event. A party claiming Force Majeure shall provide prompt written notice to the other party of the start date of the Force Majeure event, its cause, and probable duration.

12. Notices - Notices under this Agreement, unless changed by written notice, shall be delivered as follows:

To UGI:	**To Customer:**
1 UGI Drive	_____
Denver, PA 17517	_____
Telephone: (866) 615-0571	_____
Email: LCBGroup@ugi.com	

13. Assignment - Customer shall not assign any of its rights, interests or obligations under this Agreement without the express prior written consent of UGI.

14. Waiver - The failure of UGI to enforce the provisions of this Agreement at any time shall not constitute a waiver of such provisions in any way or waive the right of UGI any time to avail itself of such remedies as it may have for any breach or breaches of such provisions. None of the conditions of this Agreement shall be considered waived by UGI unless such waiver is explicitly given in writing. No such waiver shall apply to any past or future default, breach, or modification of any of the terms or conditions of this Agreement unless expressly stipulated in such waiver.

15. Integration - This Agreement constitutes the entire contract between the parties with respect to the subject matter herein, superseding any previous oral or written communications, representations, undertakings, or agreements, and shall not be amended, modified, or changed, except as expressly provided herein or except in writing duly executed by the parties.

16. Mutual Agreement to Conduct a Particular Transaction by Electronic Means - This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. The delivery of an executed counterpart of this Agreement by e-mail delivery of a ".pdf" format data file shall be deemed to be valid delivery thereof. The parties to this Agreement agree to execution of this agreement by electronic means pursuant to the Electronic Transactions Act, 73 P.S. § 2260.101 et seq. Each party agrees that electronic signatures of the parties are intended to authenticate this writing and to have the same force and effect as manual signatures.

17. Confidentiality – Customer shall keep the terms of this Agreement, and in particular the pricing terms thereof ("Proprietary Information"), confidential, and shall not, without UGI's prior written consent, disclose to any third party such Proprietary Information. Customer agrees to limit the disclosure of the Proprietary Information to only those officers, employees, and agents (including attorneys, accountants, and consultants) which require access to the Proprietary Information to perform essential business functions. Prior to such disclosure, Customer shall inform such employees and agents of the confidential and proprietary nature of the information. The foregoing obligations shall not apply to information that Customer can demonstrate was in the public domain at the time of disclosure, or which subsequently became part of the public domain through no fault of Customer. Additionally, if Customer receives a public or private disclosure request for Proprietary Information through administrative or legal proceedings, Customer shall inform UGI of the request and shall not disclosure such Proprietary Information unless ordered to do so by an administrative agency or court of competent jurisdiction. The parties hereto agree that the damages to UGI resulting from a breach of the provisions of this section would be difficult to measure, and that UGI may elect, in lieu of proving direct damages, to receive liquidated damages from Customer in the amount of $500,000.00 for any breach of the provisions of this section.

The parties have accordingly executed this Agreement the day and year first above written.

APPENDIX A

Customer Rate

The Customer's applicable monthly rate (the "Monthly Bill") for the term of this Agreement is comprised of the following:

Distribution Charge of [_____] ($/Mcf at burner tip),

Customer Charge of [_____],

Demand Charge of [_____] ($/Mcf of Customer's elected DFR).

Customer agrees to consume at least _____ Mcf per year (the "Minimum Annual Volume") or, in the event that fewer volumes are consumed, to pay to UGI the product of the shortfall volumes and the average Distribution Charge paid by the Customer over the previous twelve (12) month period (the "Minimum Annual Bill").

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 8 [52 Pa. Code §53.64(C)(9)] END-USER TRANSPORTATION VOLUME

Provide a schedule depicting historic monthly end-user transportation throughput by customer. Each customer or account shall be identified solely by a unique alphanumeric code, the key to which may be provided subject to the provisions of 52 Pa. Code §5.423 (relating to orders to limit availability or proprietary information).

RESPONSE:

The total historic monthly end-user transportation throughput is listed in Attachment 1-C-1.

The transportation customer counts are detailed in the response to Section 7.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 9 [52 Pa. Code §53.64(c)(10)] SYSTEM MAP

Provide a schematic system map, locating and identifying by name, the pressure and capacity of all interstate or intrastate transmission pipeline connections, compressor stations, utility transmission or distribution mains 6 inches or larger in size, storage facilities, including maximum daily injection and withdrawal rates, production fields, and each individual supply or transportation customer which represents 5% or more of total system throughput in a month.

RESPONSE:

Pursuant to the Public Utility Confidential Security Information Disclosure Protection Act, 35 P.S. §§ 2141.1 - 2141.6, and the Commission's regulations implementing such Act at 52 Pa. Code §§ 102.1 - 102.4, UGI Gas is not including system maps in this filing.

UGI UTILITIES, INC. – GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 10 [Pa. Code §53.64(c)(11)] RATE STRUCTURE CHANGES

If any rate structure or rate allocation changes are to be proposed, a detailed explanation of each proposal reasons therefore, number of customers affected, net effect on each customer class, and how the change relates to or is justified by changes in gas costs proposed in the 1307(f) tariff filing. Explain how gas supply, transportation and storage capacity costs are allocated to customers who are primarily non-heating, interruptible or transportation customers.

RESPONSE:

At this time, UGI Gas is not proposing any rate structure or rate allocation changes. If any changes are proposed, they will be included in the Direct Testimony submitted with the Company's May 30, 2025 PGC Tariff Filing or in a separate filing, including Docket No. R-2024-3052716.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 5 [52 Pa. Code §53.64(c)(6)] PEAK DAY

Provide a schedule depicting the most recent 5-year consecutive 3-day peak data by customer class (or other historic peak day data used for system planning), daily volumetric throughput by customer class (including end-user transportation throughput), gas interruptions and high, low and average temperature during each day. Include identification and support for any peak day methodology used to project future gas demands and studies supporting the validity of the methodology. Provide analysis and data demonstrating, on an historic and projected future basis, the minimum gas entitlements needed to provide reliable and uninterrupted service to priority one customers during peak periods.

RESPONSE:

Historic Peak Day Data

Please refer to Attachment 11-1 for the historic 5-year consecutive 3-day peak data.

Methodology Used for Developing Projected Peak Day

The methodology currently utilized by UGI Gas to develop peak day temperatures was approved as part of the 2007 PGC comprehensive settlement at Docket No. R-00072335 ("2007 Settlement"). Since there is a direct relationship between demand and temperature, UGI Gas begins the development of the projected firm peak demand by determining the projected peak day temperatures for the Company's service territory.

Consistent with the 2007 Settlement, the South region, primarily served by Texas Eastern and Columbia, utilizes a design day temperature of minus 3.6 degrees Fahrenheit. The Central region, primarily served by the Transcontinental Gas Pipeline, utilizes a design day temperature of minus 6.0 degrees Fahrenheit. The North region, primarily served by Tennessee Gas Pipeline, utilizes a design day temperature of minus 10.0 degrees Fahrenheit.

With the design day temperatures determined, UGI Gas then develops a firm sendout equation using a regression analysis for each of the temperature regions. Historical daily firm sendout is regressed against historical daily mean temperatures for the historical winter heating seasons. The firm sendout is determined by subtracting the large transportation customers' sendout from the total measured sendout. The peak day temperature is then used in the historical firm equations to determine the firm peak day demand for the historical winter seasons. Once UGI Gas has a historical firm peak demand, it adjusts this number for known and projected changes in firm requirements. These changes can include actual or projected increases or decreases in customer counts and actual or projected increases or decreases in customer daily firm requirements. For more specific detail for this year, please refer to the section entitled "Peak Day Demand" in UGI Gas Book 2.

Projected Peak Day Demand for the 2025-2026 Winter

UGI Gas's firm peak day design projection for the upcoming 2025-2026 winter is 2,268 Mdth per day.

UGI UTILITIES, INC. – GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 12 [Pa. Code §53.64(i)(1)] PGC REVENUE/EXPENSE

Thirty days prior to the filing of a tariff reflecting increases or decreases in purchased gas expenses, gas utilities under 66 Pa. C.S. §1307(f) recovering expenses under that section must file a statement for the 12-month period ending 2 months prior to the filing date under 66 Pa. C.S. §1307(f) as published in accordance with subsection (b) which shall specify:

(i) The total revenues received under 66 Pa. C.S. §1307 (a), (b), or (f) including all fuel revenues received, whether shown on the bill as 66 Pa. C.S. §1307 (a), (b), or (f) charges or rolled in as base rates.

(ii) The total purchased gas expenses incurred.

(iii) The difference between the amounts in subparagraph (i) and (ii).

(iv) Evidence explaining how actual costs incurred differ from the costs allowed under subparagraph (ii).

(v) How these costs are consistent with a least cost procurement policy as required by 66 Pa. C.S. §1318 (relating to determination of just and reasonable natural gas rates).

RESPONSE:

(i) Please refer to Attachment 12-1.

(ii) Please refer to Attachment 12-1.

(iii) Please refer to Attachment 12-1.

(iv) For the historic year ending March 31, 2025, UGI Gas's purchased gas costs exceeded purchased gas revenues by $32.2MM. This under collection is attributable to a combination of 7% lower than projected sales primarily driven by warmer weather and 13% higher than projected gas costs over the 12-month period.

(v) For the explanation of consistency with least cost procurement policy, see Sections 3, 5, and 13.

UGI UTILITIES, INC. – GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 13 [52 Pa. Code §53.65] AFFILIATED PURCHASES

Special provisions relating to natural gas distributors with gross intrastate annual operating revenues in excess of $40 million with affiliated interests.

Whenever a gas utility under 66 Pa.C.S. §1307(f) (relating to sliding scale of rates; adjustments) purchases gas, transportation or storage from an affiliated interest, as defined at 66 Pa.C.S. §2101 (relating to definitions of affiliated interest), it shall, in addition to the normal submission expected of a gas utility under 66 Pa.C.S. §1307(f) file evidence to meet its burden under 66 Pa.C.S. §1317(b) (relating to regulation of natural gas costs). The evidence, to be filed 60 days prior to the filing of a tariff under 66 Pa.C.S. §1307(f) shall include, but not be limited to, statements regarding:

(1) The costs of the affiliated gas, transportation or storage as compared to the average market price of other pipeline gas, transportation or storage and the price of other sources of gas, transportation or storage.

(2) Estimates of the quantity of gas, transportation or storage available to the utility from all sources.

(3) Efforts made by the utility to obtain gas, transportation or storage from non-affiliated interests.

(4) The specific reasons why the utility has purchased gas, transportation or storage from an affiliated interest and demonstration that the purchases are consistent with a least cost fuel procurement policy.

(5) The sources and amounts of gas, transportation or storage which have been withheld from the market by utility or affiliated interest and the reasons why the gas, transportation or storage has been withheld.

(6) To the extent that the information required in this section has been submitted under §53.64 (relating to filing requirements for natural gas distributors with gross intrastate annual operating revenues in excess of $40 million) the utility need only designate information which applies to affiliated interests.

UGI UTILITIES, INC. – GAS DIVISION
5/30/25 SECTION 1307(f) FILING

RESPONSE:

(1) Attachment 13-1 provides the quantity and price of natural gas purchased by UGI Gas from UGI Energy Services during the 12-month period ending March 31, 2025. All purchase points listed as "Columbia FSS" relate to storage gas purchased pursuant to UGI Gas's Storage Contract Asset Management Agreement with UGI Energy Services.

UGI Gas also has firm delivered supply and peaking contracts with UGI Energy Services which are shown on Attachment 1-A-1, as well as on Attachments 1-B-1 and 1-B-2 on the line items labeled "UGI Energy Svcs Delivered Supply" and "UGI Energy Svcs Peaking Supply."

Additionally, UGI Gas has a storage contract with UGI Storage Company which is shown on Attachment 1-A-1 on the line items labeled "UGI Storage Co. Service II - Demand", "UGI Storage Co. Service II - Capacity", and on Attachments 1-B-1 and 1-B-2 on the line items labeled "UGI Storage Co. Service II".

All supply purchases, including supply purchased from affiliates, are made on a least cost procurement basis, often at index prices. All supply service contracts (peaking, delivered supply, etc.) are obtained through the RFP process and approved through the annual PGC proceedings. UGI Gas is not able to maintain pricing information on all other supply alternatives but has provided all affiliate transaction data in Attachment 13-1.

(2) Please see Attachment 14-1.

(3) UGI Gas issues publicly available RFPs for transportation, storage and supply that are open to any interested market participant. In awarding contracts through the RFP process, UGI Gas consistently uses its least cost procurement process to award contracts based on the bid that both meets the specific needs identified in the RFP and does so at the lowest cost. UGI Gas identifies the results of any contracts that are awarded through RFPs in its annual PGC filings for review and approval by the Commission. Regarding its gas purchases, UGI Gas actively pursues daily, monthly, and seasonal supplies from reliable suppliers in accordance with the least cost procurement obligation whether the supplier is affiliated or non-affiliated with UGI Gas. Prices offered by these suppliers are compared with the posted market prices on the Intercontinental Exchange ("ICE") at the time of execution to ensure price fairness.

UGI UTILITIES, INC. – GAS DIVISION
5/30/25 SECTION 1307(f) FILING

(4) UGI Gas awards contracts to its affiliates where, at the time UGI Gas entered the contract, its affiliate provided the least cost option for meeting the identified operational need. UGI Gas affiliate transactions that are included in the PGC portfolio were the product of an RFP wherein the affiliate was the least cost option, transactions were priced using market indices, and/or the transactions were approved through a prior PGC proceeding.

(5) There are no sources or amounts of gas which have been withheld from the market by UGI Gas or its affiliates.

(6) Please see Attachment 13-1 for affiliate gas supply transactions occurring between April 1, 2024, and March 31, 2025.

UGI UTILITIES, INC. - GAS DIVISION
5/30/25 SECTION 1307(f) FILING

SECTION 14 [66 PA C.S. §1317(c)] RELIABILITY PLANS

As part of its filing under section 1307(f) or if it is not required to make such a filing on an annual basis, a natural gas distribution company, as defined in section 2202 (relating to definitions), shall file a proposed reliability plan with the commission which shall, at a minimum, identify the following:

(1) The projected peak day and seasonal requirements of the firm customers utilizing the distribution system of the natural gas distribution company during the 12-month projected period specified in section 1307(f) (1). Where operationally required, the design peak day requirements shall be specified for discrete segments of each natural gas distribution system.

(2) The transportation capacity, storage, peaking or on system production that ensures deliverability of the natural gas supplies necessary to meet such projected period peak day and seasonal requirements.

RESPONSE:

Peak Day Balances:

UGI Gas's Firm Peak Day Design Requirements are presented in Section 11. Attachment 14-1 details the transportation, delivered supplies, storage, and peaking supplies to meet peak day requirements over a five year planning horizon pursuant to the settlement in Docket No. R-2024-3048828. Attachment 14-2 is a load duration curve for the upcoming winter, which illustrates the firm design seasonal demand requirements and the corresponding transportation capacity, delivered supplies, storage, and peaking supplies needed to meet such requirements.

Seasonal requirements for the 12-month projected period, including transportation capacity, delivered supplies, storage, and peaking supplies, are presented in Attachments 1-B-1 and 1-B-2. These capacities correspond to the peak day capacities shown in Attachment 14-1.

Attachment 14-1 also includes peak day capacities related to retail customer capacity programs on the UGI Gas system.

Given potential timelines related to the acquisition of future additional peak day capacity associated with continued system growth, UGI Gas includes an expanded peak day planning horizon. This expanded horizon will consider competitive capacity options which may require extended in-service timing considerations.
