**INFORMAL COMPLAINT DECISION  
THE PENNSYLVANIA PUBLIC UTILITY COMMISSION**

**Date:** 1/8/2025

V.

PECO Energy

**BCS:**

**Acct. No:**

---

**DECISION ON INFORMAL COMPLAINT BY THE PUBLIC UTILITY COMMISSION (PUC):**

The Bureau of Consumer Services investigates and issues final determinations on all informal consumer complaints. (66 Pa. C.S. § 308(d)(1), 66 Pa. C.S. § 308.1(a), and 52 Pa. Code § 56.166).

**STATEMENT OF COMPLAINT:**

We received your informal complaint on 10/3/2024. In the complaint, you state that you have not received a bill from PECO since April 2024, a period of 5 months. The Company is not threatening disconnection but has stated they will bill you once the system error is corrected. You will be required to pay for the current month in addition to catch-up charges caused by PECO's billing error. You state that a discount should be available, considering the length of time you have not been billed. The Company does not know when the billing problem will be resolved. You asked the PUC for assistance.

**INVESTIGATION BY STAFF OF THE PUBLIC UTILITY COMMISSION FOUND THAT:**

1. PECO reports that you established electric service at xxxxxxxxx on 6/26/2021.
2. PECO reports that on 7/30/2024 you called the Company to ask why you have not received a bill since May. A customer service representative (CSR) advised that the Company needs time for the system to update to provide bills.
3. According to Pennsylvania regulations at 52 Pa. Code § 56.11: **Billing frequency.** (a) A public utility shall render a bill once every billing period to every residential customer in accordance with approved rate schedules. (b) A public utility may utilize electronic billing in lieu of mailed paper bills.
4. On 8/16/2024 PECO sent an email advising that they are addressing the delay in billing.
5. PECO reports that on 8/27/2024 you called the Company to state it had been 4 months since you last received a bill. You stated that you had called the previous month and you were advised that the billing system is being upgraded. A CSR advised you that the Company is aware that bills are not being issued, and a follow-up email was sent on 9/13/2024, confirming a delay with account statements.

6. PECO reports that on 10/2/2024 you called the Company to find out when the billing issue will be resolved, and if PECO has any payment plans in place for customers impacted by this billing error. A CSR advised you that the Company is working on the problem.
7. PECO reports that on 10/2/2024 a Company representative attempted to call you about this complaint. A voicemail message was left.
8. PECO reports that on 10/29/2024 a Company representative spoke with you about this complaint. You stated that you received a bill last week for service from 4/26/2024 to 5/28/2024. The representative explained that the bill was re-sent because the original bill was based on estimated readings, and the new bill is based on actual readings. The representative advised that you may have a payment arrangement to amortize the repayment of charges previously unbilled. You stated that you believe the Company should do more to make up for the inconvenience caused by their billing error.
9. According to Pennsylvania regulations at 52 Pa. Code § 56.1, (except as provided in this section) a public utility shall render bills based on actual meter readings by public utility company personnel. Per § 56.2 (iii), meter readings by an automatic meter reading (AMR) device shall be deemed actual readings for the purposes of this chapter.
10. According to Pennsylvania regulations at 52 Pa. Code § 56.14: **Previously unbilled public utility service.** When a public utility renders a make-up bill for previously unbilled public utility service which accrued within the past 4 years resulting from public utility billing error, meter failure, leakage that could not reasonably have been detected or loss of service, or four or more consecutive estimated bills and the make-up bill exceeds the otherwise normal estimated bill for the billing period during which the make-up bill is issued by at least 50% or at least \$50, whichever is greater:
  - (1) The public utility shall explain the bill to the customer and make a reasonable attempt to amortize the bill.
  - (2) The period of the amortization may, at the option of the customer, extend at least as long as:
    - (i) The period during which the excess amount accrued.
    - (ii) Necessary so that the quantity of service billed in any one billing period is not greater than the normal estimated quantity for that period plus 50%.
11. PECO provided an account statement which shows that no bills were issued between 4/29/2024 and 10/18/2024.
12. The account statement shows that make-up bills were sent starting 10/18/2024 and billing was caught up by 12/26/2024. The bills are based on actual meter readings.
13. The account statement shows that you paid the most recent bill for \$171.32 on 12/30/2024.

14. The PUC investigator spoke with you on 1/6/2025 and you confirmed that your bills are current. The investigator advised that the current balance, now that all bills have been issued, is \$1,111.14, with your next bill due on 1/17/2025. The investigator advised that the PUC cannot order a reduction of the previously unbilled charges. The investigator explained that PECO is offering a payment arrangement, and you will need to contact the Company to set up payment terms. The investigator explained the PUC appeal and formal complaint processes and advised that regulations require you to pay the undisputed portions of your bill(s) while you have an open PUC complaint.
15. According to Pennsylvania regulations at 52 Pa. Code § 56.181: **Duties of parties; disputing party's duty to pay undisputed portion of bills.** Pending resolution of a dispute, including a termination dispute, the disputing party shall be required to pay the undisputed portion of bills, as described in this section. (2) **Pending formal complaint.** Prior to the hearing on a formal complaint or prior to the issuance of a Commission order when no hearing is to be held in a formal complaint proceeding, the customer shall be required to pay that amount which the consumer services representative determines is not disputed.

**BASED ON THESE FINDINGS, WE CONCLUDE THAT:**

1. PECO failed to bill monthly in accordance with § 56.11 because of a system error.
2. In the event of billing error, the Company is authorized to send make-up bills for previously unbilled charges, per § 56.14.
3. Bills are based on actual readings and are deemed correct.
4. The Company is offering to amortize the previously unbilled charges, per § 56.14 (1) and (2).

**THEREFORE, IT IS DECIDED THAT:**

This informal complaint is dismissed.

If you have questions about the terms of this decision or how to appeal this decision, please call us at 1-800-692-7380.

**Shopping Information Box**

When shopping for a competitive electric/natural gas supplier, please provide the following:

**Electric Choice ID: 4334856035**  
**Electric Rate:** Electric Residential Heating Service

If you are purchasing the energy you use from a competitive supplier, it is important to understand the terms of your contract and expiration date.

**Message Center**

From PECO:

New charges contain estimated total state tax of \$4.94, including \$7.87 for State Gross Receipt Tax.

**Your estimated electric price to compare adder is \$0.0924 per kWh**, which includes ancillary charges and the purchased generation adjustment but excludes energy and capacity. This may change in March, June, September and December. For more information and supplier offers visit [PAPowerSwitch.com](http://PAPowerSwitch.com).
