**Re: C-2024-3050759 – Supplement to Motion to Issue Subpoena Duces
Tecom**

I write to supplement my previously filed motion for a subpoena directed to PECO Energy. The records requested are material and necessary to demonstrate that:

1. The company engaged in unjust enrichment by billing without proper disclosures of the investor-customer relationship;
2. The accounting records, applications, and hard files will show evidence of securitization, double-entry accounting, and the omission of required fiduciary acknowledgments;
3. The documents are vital to proving that my account was handled in a manner inconsistent with Generally Accepted Accounting Principles (GAAP) and Pennsylvania Public Utility Commission regulations.

This information is critical to resolve billing errors and determine whether I have been unlawfully deprived of my financial interest and status as a utility investor.

Respectfully submitted,
