(10) An antique vehicle.

§ 175.6. Annual inspection.

Other vehicles, including emergency vehicles and private noncommercial vehicles used to transport students, shall be inspected annually.

§ 175.7. Inspection of vehicle reentering this Commonwealth.

A vehicle subject to inspection which has been outside this Commonwealth continuously for 30 days or more and which, at the time of reentering this Commonwealth, does not bear a currently valid certificate of inspection, is not required to be inspected until 10 days after reentering this Commonwealth.

§ 175.8. Newly-purchased vehicles.

(a) Vehicles without valid certificate of inspection. A vehicle which does not display a valid certificate of inspection at the time of sale, resale or entry into this Commonwealth shall be inspected within 10 days of sale, resale or entry into this Commonwealth, whichever occurs later. The inspection shall be coordinated with the staggered registration system regardless of the date of a previous inspection in this or another jurisdiction.

(b) Vehicles with valid certificate of inspection. A vehicle which displays a valid certificate of inspection at the time of sale or resale may be driven until the inspection certificate expires.

(c) Vehicles subject to semiannual inspection and mass transit vehicles. Vehicles subject to semiannual inspection and mass transit vehicles are exempt from the provision of subsection (a) which requires coordination of inspection expiration with the staggered registration system.

§ 175.11. Coordination of safety and emission inspection.

designate vehicles which have successfully passed the required periodic safety inspection, but must display a renewed emission certificate of inspection, or obtain an official waiver, prior to placement of the renewed safety certificate of inspection. Under this chapter, the expiring safety certificate of inspection may be replaced with a new safety certificate of inspection at any time prior to the expiration of the certificate of inspection to which the temporary inspection approval indicator is affixed. The temporary inspection approval indicator does not extend the inspection expiration of any certificate of inspection to which it is affixed.

Subchapter B. Official Inspection Stations.

§ 175.21. Appointment.

(a) Authority. For the purpose of establishing a system of official inspection stations, the Bureau will issue a certificate of appointment to a privately owned facility within this Commonwealth that complies with the requirements of the Vehicle Code and this title. An official inspection station is authorized to inspect vehicles and issue official certificates of inspection. See 75 Pa.C.S. § 4721 (relating to appointment of official inspection stations).

(b) Certificate of appointment. The certificate of appointment will be issued only when the Bureau is satisfied that the station is properly equipped and has certified personnel to make inspections and adjustments. Only those stations fulfilling Department requirements and complying with this chapter will be issued a certificate of appointment. Prior involvement with a suspended inspection station may be sufficient cause to deny appointment. The certificate of appointment at all times shall be conspicuously displayed at the place for which it is issued. See 75 Pa.C.S. § 4722 (relating to certificate of appointment).

(c) Certificate not assignable. A certificate of appointment shall be valid only for the person in whose name it is issued and for transaction of business at the place designated therein. A certificate of appointment shall not be assignable to another person or location.

(d) Valid certificate required. No person shall in any manner represent a place as an official inspection station unless the station is operating under a valid certificate of appointment issued by the Bureau.

(e) Inspection stations with common access. No certificate of appointment may be issued for operation by an official inspection station on the premises of another official inspection station which utilizes the same access. This prohibition does not apply if the inspection stations have separate internal accesses, though sharing common external access.

(f) Suspended inspection stations. No certificate of appointment shall be issued for operation of an official safety inspection station on the premises of an official safety inspection station which has been suspended, if the owner of the suspended station continues to conduct any type of business which utilizes the same access. This prohibition shall not apply if the station and the
