This statement shows amount of 225.95. Peco is billing that out of the grant pipp. I should not be receiving a balance bill. Also when enrolled in the program we are suppose to get 12 months bill free. That's not the case. I've had bills showing close to 400 a month! That's not a low income cap rate. I do not have electric heat. I get charged for my gas heat through my hoa Not Peco. See attached bills below. There should be no reason as to the high costs. I also want to add that I do not own a microwave, nor a toaster oven. I also do not have a cable box.

PECO ELECTRIC TARIFF

RATE RH RESIDENTIAL HEATING SERVICE

AVAILABILITY.

Single phase service to the dwelling and appurtenances of a single private family (or to a multiple dwelling unit building consisting of two to five dwelling units, whether occupied or not), for domestic requirements when such service is provided through one meter and where the dwelling is heated by specified types of electric space heating systems. The systems eligible for this rate are (a) permanently connected electric resistance heaters where such heaters supply all of the heating requirements of the dwelling, (b) heat pump installations where the heat pump serves as the heating system for the dwelling and all of the supplementary heating required is supplied by electric resistance heaters, and (c) heat pump installations where the heat pump serves as the heating system for the dwelling and all of the supplementary heating required is supplied by non electric energy sources. All space heating installations must meet Company requirements. This rate schedule is not available for commercial, institutional or industrial establishments.

Each dwelling unit connected after May 10, 1980 except those dwelling units under construction or under written contract for construction as of that date, must be individually metered

CURRENT CHARACTERISTICS. Standard single phase secondary service.

MONTHLY RATE TABLE.
