TO ALL PARTIES OF RECORD

Application of PPL Electric Utilities Corporation for approval to alter the public crossing (DOT 361 472 S) by the replacement of the existing pole and transfer of the aerial wirelines where State Route 0309 (Church Street) crosses, at grade, one (1) track of Norfolk Southern Railway Company located in Hazle Township, Luzerne County.

To Whom It May Concern:

By application filed with the Commission on April 16, 2025, PPL Electric Utilities Corporation seeks Commission approval to alter the public crossing (DOT 361 472 S) by installation of a replacement pole and transfer of the aerial wirelines where State Route 0309 (Church Street) crosses, at grade, one (1) track of Norfolk Southern Railway Company located in Hazle Township, Luzerne County.

PPL Electric Utilities Corporation will replace the existing pole and transfer its aerial wirelines. The installation will provide a minimum vertical clearance of 41-feet 7-inches to the electrical facilities above the top of rail. The minimum proposed vertical clearance for all aerial facilities was depicted on the plans as being 27-feet 9-inches as measured from the top of rail.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL Electric Utilities Corporation, states that the proposed installation is necessary to provide adequate, efficient, and reasonable communication facilities and power to the public in Luzerne County and surrounding areas. PPL Electric Utilities Corporation will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$10,000.00.

All work is to be performed in accordance with the plans entitled: "EXHIBIT A," consisting of one (1) sheet submitted to the Commission with the application.

PPL Electric Utilities Corporation has served a copy of the application and plans on Pennsylvania Department of Transportation, Luzerne County, Hazle Township, Norfolk Southern Railway Company, Service Electric Cablevision and Comcast. All parties in interest were queried by letter dated April 25, 2025, sent by electronic mail as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
