ALJ Interim Order dated April 15, 2025.

Dear Judge DeVoe,

I am at a loss as to the purpose of contemplated inquiry. Any comparative analysis of my billing with the PWSA methodology is irrelevant and should be irrelevant. The interrogation should be whether I (residential customer) was billed in full and faithful compliance of the PUC Approved Tariff, rates and regulations.

Let me re-state what I represented at the 11-30-23 hearing — with the exception of ‘minimum charge’, **THE PWSA BILLING PRACTICES HAVE NO FIDELITY TO THE PUC APPROVED TARIFF, RULES, AND REGULATIONS.**

The ‘Gallons Billed’ centric billing system of the PWSA does not have, and cannot have, any fidelity to the ‘Gallons Used’ centric **PUC approved Tariff, Rules, and Regulations.** PUC Gallons ‘Used’ and PWSA Gallons ‘Billed’ are not congruent, are not correlated, and do not always move in the same direction; any semblance is incidental.

Therefore, per se, **no credible explanation of the PWSA billing practices consistent with the PUC approved Tariff is to be had** (logically speaking, one simply does not exist).

The PWSA is engaged in a series of ongoing across the board violations in flagrant disregard of the statutory **Public Utility Code § 1303. Adherence to tariffs.** VIRTUALLY ALL THE PWSA BILLING RELATED ACTS INDIVIDUALLY AND COLLECTIVELY ARE ANYTHING BUT*, effectively eviscerating §1303 from the code.

For a more detailed presentation of the issues involved, see the Appendix ‘PWSA AND THE PUC APPROVED TARIFF’ to my letter to Secretary Chiavetta, dated October 15, 2024. (Post On Date 10/25/24).

Sincerely,

*The PWSA does use(misuse) PUC specified rate \$14.64.
