Re: Approval of Revised Scope of Work to the Contract between PECO Energy Company and CMC Energy Services, Inc. for provision of turnkey energy efficiency implementation services in connection with PECO's Residential Program and Income-Eligible Program  
M-2020-3020830

Dear Ms. Choi:

This letter acknowledges that Commission staff has reviewed the Revised Scope of Work to an existing Act 129 Conservation Service Provider ("CSP") contract between PECO Energy Company ("PECO") and CMC Energy Services, Inc., ("CMC"), filed with the Commission on April 17, 2025, to implement changes to the existing CMC-PECO contract for provision of turnkey energy efficiency implementation services in connection with PECO's Residential Program and Income-Eligible Program.

The *Phase IV Implementation Order*,<sup>1</sup> *inter alia*, required all Electric Distribution Companies (EDCs) subject to Act 129 to submit, for Commission review, all proposed contracts with CSPs. (*Phase IV Implementation Order*, Section G, pages 67-71). The Commission must review, and may order the modification of, these proposed contracts. 66 Pa. C.S. § 2806.1(a)(8).

PECO is advised that the above-referenced CSP contract amendment is approved.

Furthermore, we note that approval of this filing does not constitute a determination that such filing is consistent with the public interest and that the associated costs or expenses are reasonable or prudent for the purposes of cost recovery. These issues will be addressed by the Commission in any appropriate plan approval and cost recovery proceedings.
