Request for Information

- 1.) Regarding Question #10 on the application for a proposed service area: a Contract Carrier authority, for which you have applied, requires the Counties from which you intend to originate services, (only list counties originating in) as well as a complete list of licensed brokers that you intend to work with, a signed contract for each, which must include rates to be charged. While any number of contractors can be used simultaneously, none can be added after the permit is issued. Changes at that time require an additional application(s). Note that Paratransit Authority (which your application could be switched to by returning a completed application to substitute for Contract Carrier, has more flexibility in regard to contract work. Please call Jerome Elliott, 717-214-7155 for further clarification if it is needed.
- 2.) Regarding Question #4 of the Verified Statements: no explanation of the physical location was included, nor was it explained how communication with drivers will be conducted.
- 3.) The responses to questions 5(a), 5(b), 5(c), 5(d) and 5(e) of the verified statements are insufficient. Title 52 Pa. Code § 29 provides detailed requirements. Please provide a system which incorporates code specified compliance requirements for collection and retention of records on your drivers. Each of your answers to sections of this question were insufficient:
  - § 29.503. Age restrictions.
  - § 29.504. Driver history
  - § 29.505. Criminal history.

- 4.) Question #7 was left blank. Please provide information on your vehicle safety program that is compliant with 67 PA Code, Chapter 175.
- 5.) Your statement of Financial Position appears to include your home. The information provided should be limited to those funds dedicated to operating this business, there should be no comingling of personal funds or assets. Note that in order for a Permit to be issued, vehicles must be registered and insured in the name of the company, all of which are PUC requirements.

The purpose of the verified statement questions is to determine your ability to provide safe, efficient, and reasonable transportation. It is in your best interest to provide accurate, complete, and timely responses. Failure to do so is sufficient grounds to justify the denial of your application because you have failed to provide sufficient evidence of your fitness to operate. Be advised that additional corrections may not always be requested; therefore, prior to submitting your responses, your consultation with an attorney or financial expert familiar with Commission regulated Motor Carrier related proceedings is highly encouraged.
