Re: Peak Communications, Inc.
Application for Approval to Offer, Render, Furnish or Supply Telecommunications Services
to the Public in the Commonwealth of Pennsylvania

Dear Mr. Nowalsky:

Receipt is acknowledged of the Application of Peak Communications, Inc. (Applicant), received May 29, 2025, for approval to offer, render, furnish, or supply telecommunications services to the public in the Commonwealth of Pennsylvania as an Interexchange Carrier Reseller (IXC-R). The Application has been reviewed and found to be in compliance with the Commission's filing requirements as set out in *Re: Implementation of the Telecommunications Act of 1996*, Docket No. M-00960799 (*Implementation Order*: June 3, 1996; and *Implementation Reconsideration Order*: September 9, 1996) (*Implementation Orders*).

Pursuant to 66 Pa. C.S. § 3018(a), all interexchange services provided by Interexchange Carriers (IXCs) are now deemed competitive. Section 3018(b)(2) gives IXCs the option to (1) file and maintain tariffs with the Commission, (2) file and maintain price lists with the Commission, or (3) detariff, making them subject to Pennsylvania state contract law. Therefore, IXCs are no longer required to file with the Commission tariffs or price lists for their competitive services. Accordingly, IXC applicants can withdraw their proposed tariffs filed with the Commission.

Since Peak Communications, Inc. has a pending Application for approval of IXC authority, it may file a letter or amend its Application indicating choice of tariff option, i.e., whether it wishes to file a tariff, file a price list, or have no tariff on file. This notification is due to the Commission within ten (10) days of receipt of this letter. **If we do not receive notification within this timeframe, the instant Application for IXC authority will be processed as filed with a tariff.**

Pursuant to the *Implementation Orders*, Applicant now has provisional authority to provide telecommunications services in Pennsylvania as an IXC-R (statewide). However, this provisional authority may be revoked if, upon further Commission review, the Application is found to contain deficiencies.

Please note provisional authority is only being granted for telecommunications services that are under the jurisdiction of the Pennsylvania Public Utility Commission.

This matter is being referred to the Bureau of Technical Utility Services for analysis and to schedule it for consideration by the Commission at Public Meeting. If you have any questions in this matter, please contact John-Paul Rodgers, Telco Section, Bureau of Technical Utility Services at (717) 214-9115 or johndodgers@pa.gov.

Sincerely,
