**Information Request No. 3**

**GWA Bulk Rate Resolution**

**RESOLUTION NO. 03 - 25**

**A RESOLUTION OF THE GREENVILLE WATER AUTHORITY ENACTING, ESTABLISHING, FIXING AND IMPOSING WATER RATES AND CHARGES FOR THE USE AND SERVICES OF THE AUTHORITY; ESTABLISHING THE BASIS FOR SUCH RATE OR CHARGES; AND PROVIDING THAT ALL USERS IN THE SERVICE AREA BE CHARGED THE RATES SET FORTH FOR THE YEAR 2022 AND FOR EACH CALENDAR YEAR THEREAFTER, FOR THE MAINTENANCE AND SUPPORT OF WATER SYSTEMS FOR THE AFORESAID PERIODS.**

NOW THEREFORE, be it resolved and it is hereby resolved as follows:

1. That, pursuant to action of the Board of Directors dated June 19, 2025 to amend the Rates and memorialized in this Resolution, commencing on June 19, 2025 through December 31, 2025, and for each calendar year thereafter, there is hereby imposed and established for the use and service of the various water systems of the Greenville Water Authority ("Authority") fees, charges and assessments to all property serviced by a water system as hereinafter set forth. The imposed fees and charges for the use of the water system shall be upon the owners, tenants, or occupants of the realty served by the water system of the Authority utilized by customers within the service area of the Authority.

2. That the rates, charges and fees for the use of the water lines and appurtenances to all serviced premises within the service area of the Authority, shall be measured by the quantity of water flowing into or consumed by each separate dwelling, apartment, business, commercial, public or industrial site, and shall be based on water usage data obtained by the Authority or other Board approved methodology. If no water is billed during any billing period and the water service is still active, the monthly service fee shall be billed to the customer.

3. GENERAL RATES.

The rates for said water system use to premises serviced within service area of the Authority shall be as follows:

(A) Water Meter Users.

The schedule of rates listed on Attachment A is applicable to all users of metered water and the charges shall be based upon the monthly service fee and quantity of water delivered to each water user as measured by the most recent available water meter reading.

4. PENALTIES AND INTEREST.

Water bills, which are not paid promptly, shall be subject to penalties and interest follows:

(A) Bills of Water Users.

All water charges billed to water users, shall be payable on or before the due date shown on the water bill. After such due date, a penalty at the rate of three (3%) percent will be added. Computation of the water charges shall be computed monthly; provided, if the due date falls on a non-business day or a holiday recognized by the Authority, then the due date shall be the next business day.

5. GENERAL PROVISIONS.

The water bill will be sent to and shall be payable by the party to whom water bills are addressed, and in the case of all water users to whom no bills are addressed, the bill will be sent to and shall be payable by the occupant(s) of the premises. However, regardless of to whom the water bill is addressed or if there is an absence of an address, the water fees and charges are owed, jointly and severally, by the occupant(s) of the premises and by the recorded owner(s) of the realty. Therefore, it is the duty of the recorded owner(s) of the realty to make provisions to ensure that any occupant of the realty pays the water fees, charges, and/or assessments when due. All unpaid water fees charges, and/or assessments, together with penalty and interest, shall become a lien on the realty.

In the event that the party under Subsection 4(a) of this section is not the owner of the property, the parties to whom the bill is sent may supply the Authority with the name of the owner and the water bill will be sent to such owner.

6. That all use fees, charges and/or assessments shall be a lien upon the realty charged with the payment thereof, from the first (1st) day due (the fifth day of each month) until paid together with any interest, penalty and cost due. Said use fee, charges or assessments, together with any penalty and interest, shall be due and payable on a monthly billing cycle.

7. The Authority Solicitor is hereby empowered to lien the realty for any delinquent amount, and additionally, to enforce collection of any delinquent fees, charges or assessments by reducing the lien to judgment and executing on said judgment in accordance with law. In addition to the power to lien realty and to proceed to sheriff sale on said realty to satisfy any delinquent amount due the Authority under this Resolution, the Solicitor is also permitted to proceed in assumpsit against the owner of the realty and/or against the user of the water, either jointly or severally, to collect any and all monies due the Authority hereunder, including the collection of the penalty of three (3%) percent together with an attorney fee and/or commission of five (5%) percent, as permitted by statute for the collection of delinquent municipal claims, and to reduce any award to judgment and to execute said judgment against any and all assets of the delinquent water user who is the actual user and/or the realty owner, jointly and severally. When any Statute or Resolution permits a larger interest rate, penalty, or attorney's fee other than that stated herein, then the Solicitor shall have the prerogative to proceed under said Statute or Resolution or any part of any Statute or Resolution that will produce the greatest return to the Authority or that will reduce the cost of the proceedings to the Authority.

8. The Authority shall provide the facilities and personnel necessary for the administration and application of this Resolution, and for the collection of the rentals, charges and assessments hereunder.

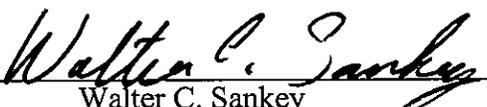

9. If any sentence, clause or section, or any part of this Resolution is, for any reason, found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses or sections or parts of this Resolution. It is hereby declared as the intent of the Authority that this would have been enacted had such unconstitutional, illegal or invalid sentence, clause or section, or part thereof not been included herein.

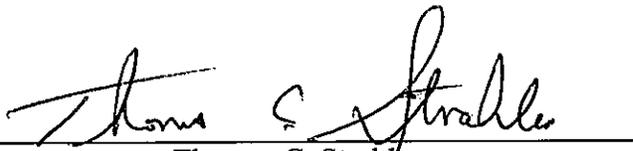

10. Any Resolution or parts of Resolutions, which are contrary to or conflict with the provisions of this Resolution, are hereby repealed to the extent necessary to give this Resolution full force and effect.

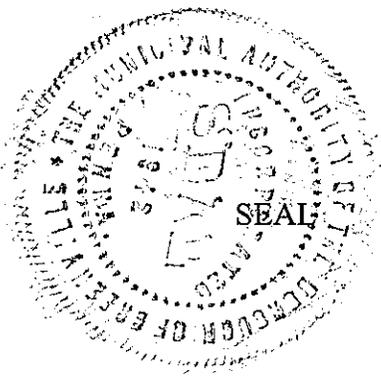

11. This Resolution shall be effective from the action of the Board of Directors dated June 19, 2025 to amend the Rates as memorialized herein, except that the said fees and charges imposed for the first time shall become effective from the date that this Resolution is enacted, and the water line use fees, charges or assessments shall continue in force on a calendar year basis, without reenactment, unless the rates are subsequently changed. Changes in the rates shall become effective on the date specified in the Resolution setting the new rates. The fees, charges or assessments for the initial billing cycle shall be due the date specified in said bill, and the amount due shall be computed by multiplying the rates set forth in Attachment A of this Resolution, to the quantity of water used as indicated by the water use meter reading or estimated quantity for the month, or, if applicable, shall be the service charge as set forth in Attachment A of this Resolution.

RESOLVED this 19th day of June, 2025.
