Dear Kristen Krier:

We are pleased that Environ Energy, LLC has applied for a license to provide Natural Gas Broker/Marketer Services on the distribution system of Columbia Gas of Pennsylvania, Inc. ("Columbia Gas").

Under Paragraph 2.4.5 of the Rules Applicable to Distribution Service section of the Tariff of Columbia Gas, Environ Energy, LLC could be required to provide to Columbia Gas a bond or other financial security instrument in an amount that Columbia Gas determines to be appropriate. Environ Energy, LLC has indicated only brokering and consulting services will be provided. Therefore, we have determined at this time that Environ Energy, LLC does not need a bond or other financial security requirement to provide broker natural gas services to Columbia Gas customers.

If the creditworthiness requirement or Columbia Gas' exposure to Environ Energy, LLC changes in the future, Columbia Gas might deem it appropriate to require Environ Energy, LLC to provide a bond or other financial security instrument.

Please feel free to contact me at 614-460-4980 should you have any questions regarding a bond or other financial security instrument requirements of Columbia Gas.

Sincerely,

*Kylia Davis*

Dear Kristen,

National Fuel Gas Distribution Corporation (“NFGDC”) is aware Environ Energy, LLC (“ENE”) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, ENE must furnish acceptable security to each utility where ENE will do business. As such, under its tariff, NFGDC could require ENE to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC’s understanding that ENE intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, ENE will never take title to any delivered natural gas, nor will it accept any customer payments or deposits.

Based upon your representations, NFGDC has determined that, at this time, ENE does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by ENE change in the future, NFGDC reserves the right to require security from ENE as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7541.

Yours truly,

Jason Allen

Re: Bonding Requirements

Dear Kristen Krier:

PECO is aware that Environ Energy LLC has applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application Environ Energy, LLC could be required to provide PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Environ Energy LLC has indicated that it intends to provide only brokering and consulting services to commercial and industrial customers; will not take title to any delivered natural gas; nor will they accept any customer payments or deposits.

Therefore, PECO has determined at this time Environ Energy, LLC does not need a bond or other financial security requirement since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers.

However, if the services provided by Environ Energy, LLC., or the creditworthiness requirement for PECO's exposure to Environ Energy, LLC changes in the future, PECO reserves the right to require Environ Energy, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Wanda Rucker at [Wanda.Rucker@exeloncorp.com](mailto:Wanda.Rucker@exeloncorp.com).

Respectfully submitted,

Dear Ms. Duell:

We are pleased that Environ Energy, LLC has applied for a license to provide natural gas services on Peoples Natural Gas Company LLC.

Since Environ Energy, LLC is not currently serving customers on the Peoples systems, we have determined at this time that Environ Energy, LLC does not need a bond or other financial security requirement to provide these services to the Company's customers.

If a Pool is established, and customers are enrolled which alters the creditworthiness requirement or the Company's exposure to Environ Energy, LLC's provision of services on the Peoples' system changes in the future, the Company may deem it appropriate to require a bond or other financial instrument.

If you have any questions feel free to contact me at 412-208-6931 or by email at [Carol.Scanlon@peoples-gas.com](mailto:Carol.Scanlon@peoples-gas.com).

RE: Security Requirement Bond for Environ Energy, LLC

Dear Ms. Krier:

Philadelphia Gas Works ("PGW") is aware that Environ Energy, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania and specifically within the services territory of Philadelphia Gas Works.

As you know, in making such an application, Environ Energy, LLC must furnish acceptable security to each utility where Environ Energy, LLC will do business. As such, under its tariff, Philadelphia Gas Works could require Environ Energy, LLC to provide a bond or other financial security instrument in an amount that Philadelphia Gas Works determines to be appropriate.

However, you have indicated, and it is Philadelphia Gas Works' understanding, that Environ Energy, LLC intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that in performing these services Environ Energy, LLC will never take title to any delivered natural gas.

Based upon your representations, Philadelphia Gas Works has determined that, at this time, Environ Energy, LLC does not need to post a bond or other form of security to operate in its service territory. If the services provided by Environ Energy, LLC should change, Philadelphia Gas Works reserves the right to require security from Environ Energy, LLC as it deems appropriate.

**Application to Serve as a Natural Gas Broker**

Dear Ms. Krier,

Based on your assertion that Environ Energy, LLC ("Environ Energy") is applying with the State of Pennsylvania to operate as a natural gas broker/marketer, UGI Utilities, Inc.-Gas Division ("UGIU") has concluded that Environ Energy will not need to post security with UGIU. This is based on the declaration that Environ Energy will be acting in conjunction with a licensed natural gas supplier who has been approved by the Pennsylvania Public Utility Commission to serve in the applicable UGIU service territories and who has posted the required financial security as specified in the UGIU Tariff. If Environ Energy wishes to directly serve Choice customers in the service territories of UGIU in the future as a natural gas supplier, it will have to post security as specified in the UGIU Tariff prior to the commencement of the service.

**RE: Environ Energy, LLC**

Dear Ms. Krier:

We understand that Environ Energy, LLC has applied with the Pennsylvania Public Utility Commission to supply natural gas services to the public in Pennsylvania, including our company's service area.

Pursuant to 66 Pa.C.S. § 2208(c), an applicant for a natural gas supplier license must furnish security to each utility where it will do business to ensure the supplier's financial responsibility. To this end, Valley Energy periodically will perform a credit review and analysis of Environ Energy, LLC, when it begins to serve customers on Valley Energy's system. Valley Energy will determine whether Environ Energy, LLC must post a security based on the credit review, the types of customers served, the volumes expected to be delivered for those customers and the other rules in Valley Energy's Supplier Tariff. At this time, no security is being requested; however, if the services provided change in the future, we reserve the right to require security from Environ Energy, LLC as deemed appropriate.

If you have any questions, please contact Jamie Beale at 570-888-9664 (Ext. 5232).

Sincerely,
