

BEFORE THE  
PENNSYLVANIA PUBLIC UTILITY COMMISSION

David Babcock,  
Complainant,

v.

PPL Electric Utilities Corporation,  
Respondent.

:

Docket No. F-2025-3055508

---

ANSWER OF PPL ELECTRIC UTILITIES  
CORPORATION TO THE COMPLAINT OF DAVID BABCOCK

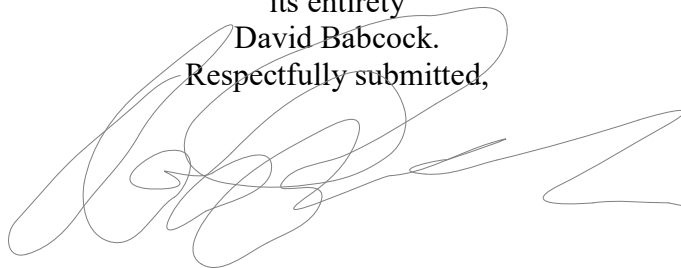

---

TO THE PENNSYLVANIA PUBLIC UTILITY COMMISSION:

Requesting my discovery requests be adhered to, there is no valid reason to deny me basic discovery information in preparation of our hearing, denying me this is inappropriate, especially since they have 3 lawyers on this case ganging up on me, yet they can't comply? What are they afraid of? Why are they trying to stifle and deny my ability to defend myself? Why the gang up by 3 lawyers over ppl's inability to service their customers and refuse basic information. Even the employees at the PUC laughed when I called to inquire about this case, and how to respond, when they saw 3 lawyers involved, and ganging up on one of me. This is the problem with our legal system, a simple problem has to be taken to this extent to resolve, yet instead of ppl responding and being cooperate, they gang up on me with 3 lawyers. I was told I did not need a lawyer, yet I am forced to defend myself again 3 lawyers and yet they can't comply to a simple discovery request, they should be ashamed of themselves. I immediately demand my discovery requests be adhered to or I will be forced to request a continuance in order to be properly prepared.

WHEREFORE, David Babcock respectfully requests that PPL comply with my discovery requests in its entirety

David Babcock.  
Respectfully submitted,
