**Re: Energy Efficiency and Conservation Program**  
**Docket No. M-2025-3052826**

Dear Secretary Chiavetta:

Enclosed for filing is PPL Electric Utilities Corporation's ("PPL Electric" or the "Company") CONFIDENTIAL Request for Proposal ("RFP") process for its Phase V Act 129 Energy Efficiency and Conservation ("EE&C") Conservation Service Provider ("CSP") Contracts.

The RFP process is being filed consistent with the Pennsylvania Public Utility Commission's ("Commission") Final Implementation Order entered on June 18, 2025, in the above-captioned proceeding. *See Energy Efficiency and Conservation Plan*, Docket No. M-2025-3052826, at (Order entered June 18, 2025).

As set forth in the Final Implementation Order, if the Commission's staff has not commented upon or disapproved the proposed RFP process within 15 days of this filing, PPL Electric is permitted to use this process for the RFPs of its CSP Contracts.

Due to the competitively-sensitive nature of the RFP process, PPL Electric respectfully requests that the Commission afford it proprietary treatment and place it in a non-public folder.

Copies are being served as indicated below.
