SECOND Request for Information

- 1) The following was explained over the phone in conversation prior to your submission of answers to the first data request sent: PA PUC Contract Carrier of Passenger authority requires the submission of signed contracts including proposed rates WITH THE APPLICATION. Additionally, all brokers the applicant intends to work with after the permit is issued must be named on the permit itself. Additional brokers to add or subtract can only be done by further new applications. Your statements contained in your Data Request confirmed you cannot provide those contracts prior to completing this process, which does not allow for your application to proceed. You might consider re-evaluating your position, and fill out the Paratransit Application rather than Contract Carrier. The Paratransit authority, performing similar services to the Contract Carrier of Passengers, is not required to name brokers before certification, and can add and subtract contracts as the needs arise after certification. Please call Jerome Elliott at 717-214-7155 to discuss if you have other questions.

- 2) The responses to questions 5(a), 5(b), 5(c), 5(d) and 5(e) of the verified statements are insufficient. Title 52 Pa. Code § 29 provides detailed requirements. Please provide a system which incorporates code specified compliance requirements for collection and retention of records on your drivers. Each of your answers to sections of this question were insufficient: • § 29.503. Age restrictions. • § 29.504. Driver history • § 29.505. Criminal history. Google 52 PA Code Section 29 to find the answers, they are required for your application to move forward.
