Re: Application for the Abandonment of the Electric Generation Supplier License for Power Management Co., LLC

Dear Mr. Roushey:

On May 16, 2025, Power Management Co., LLC (Power Management) filed an application to abandon its Electric Generation Supplier (EGS) license as a broker/marketer in Pennsylvania. Power Management was issued an EGS license on April 6, 2017, to serve small commercial (25 kw and under demand), large commercial (over 25 kw demand), industrial, and governmental customers in all of the electric distribution company service territories throughout the Commonwealth of Pennsylvania.

There are no outstanding fines pending against Power Management. There are also no outstanding formal or informal complaints and Power Management does not serve any customers.

Based on the foregoing, the notification provisions under 52 PA Code Section 54.41(b) are waived, as are the notification provisions in the Interim Guidelines Regarding Notification by an EGS of Operational Changes Affecting Customer Service and Contracts, at Docket No. M-00960890F0013.

We believe that the relinquishment and abandonment of Power Management's license will have no impact on the public, EDCs, or default service providers. Therefore, the Commission approves, by this Secretarial Letter, Power Management's application to abandon its EGS License at Docket No. A-2017-2592623 and its license is cancelled.

The Secretary's Bureau shall remove the company's name from all active utility lists maintained by the Commission. The Bureau of Administrative Services shall remove the company from all assessment lists. Additionally, if there are no outstanding claims against Power Management's financial security sixty (60) days after the service date of this letter, the Secretary's Bureau shall return Power Management's financial security instrument.

If you have any questions in this matter, please contact Lee Yalcin of the Bureau of Technical Utility Services at lyalcin@pa.gov or 717-787-6723.

Sincerely,
