**TO ALL PARTIES OF RECORD**

Application of PPL Electric Utilities Corporation for approval to alter the public crossing (DOT 526 765 F) by raising the existing cables, installing a grounding rod, bonding the neutral cables, and having a utility pole replaced by Verizon Pennsylvania LLC, where Reynolds Street crosses, at grade, a track of Norfolk Southern Railway Company located in South Williamsport Borough, Lycoming County.

To Whom It May Concern:

By application received by the Commission on May 1, 2025, PPL Electric Utilities Corporation (PPL) seeks Commission approval to alter the public crossing (DOT 526 765 F) by raising the existing cables, installing a grounding rod, bonding the neutral cables, and having a utility pole replaced by Verizon Pennsylvania LLC (Verizon), where Reynolds Street crosses, at grade, a track of Norfolk Southern Railway Company located in South Williamsport Borough, Lycoming County.

PPL proposes to raise the aerial cables to meet clearance requirements, install a grounding rod, bond the neutral cables on the utility poles on each side of the crossing over the crossing. Before PPL proceeds with their work, Verizon will replace an existing utility pole in the southeast quadrant of the railroad crossing. Upon completion of the work, the lowest aerial wire will have a minimum vertical clearance of 27-feet 2-inches above the railroad track.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL states that the alteration is necessary to provide adequate, efficient, and reasonable communication facilities and power to the public in Lycoming County and surrounding areas. PPL and Verizon will be directed to perform the necessary installation of their facilities, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for their receptive facilities, at its sole cost and expense PPL will pay all costs for their portion of the project, and Verizon will pay all costs to replace the utility pole. The cost of the PPL portion of the project is anticipated to be \$10,000.

All work is to be performed in accordance with the plan hereby entitled: “EXHIBIT A” consisting of one (1) sheet submitted to the Commission with the application on May 1, 2025.

PPL has served a copy of the application and plan on Norfolk Southern Railway Company, the Pennsylvania Department of Transportation, Verizon, North Penn Long Distance Corporation, South Williamsport Borough and Lycoming County. All parties in interest were queried by letter dated May 30, 2025, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.

The application of PPL Electric Utilities Corporation is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The public crossing (DOT 526 765 F) where Reynolds Street crosses, at grade, a track of Norfolk Southern Railway Company located in South Williamsport Borough, Lycoming County, be altered generally in accordance with the plan hereby entitled: “EXHIBIT A” consisting of one (1) sheet submitted to the Commission on May 1, 2025; which plan is made part hereof and is hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by raising the existing cables, installing a grounding rod, bonding the neutral cables, adding a communication line, within the confines of the railroad right-of-way and the highway right-of-way, all in accordance with the approved plan and this Secretarial Letter.
4. Verizon Pennsylvania LLC, at its sole cost and expense, will replace the existing utility pole in the southeast quadrant of the railroad crossing, within the confines of the railroad right-of-way and the highway right-of-way, all in accordance with the approved plan and this Secretarial Letter.

5. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered during their installation.

6. Verizon Pennsylvania LLC, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered during their replacement of the utility pole.

7. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility, other than PPL Electric Utilities Corporation or Verizon Pennsylvania LLC incidental to the alteration of the crossing, be made by said public utility at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility, at its sole cost and expense.

8. Norfolk Southern Railway Company, at the sole cost and expense of PPL Electric Utilities Corporation, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

9. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the portion of the project, and any other ancillary features of the project, generally in accordance with the approved plan and this Secretarial Letter.

10. The alteration of the crossing be completed on or before July 31, 2026, and that on or before said date PPL Electric Utilities Corporation, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plan and this Secretarial Letter.

11. PPL Electric Utilities Corporation, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing by their portion of the project in accordance with this Secretarial Letter.

12. Verizon Pennsylvania LLC, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing by their portion of the project in accordance with this Secretarial Letter.

13. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

14. PPL Electric Utilities Corporation and Verizon Pennsylvania LLC cooperate with the non-carrier utilities involved, so that during the alteration of the subject crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

15. PPL Electric Utilities Corporation, at least seven (7) days prior to the start of work, notify all parties in interest of the actual date on which work will begin.

16. Upon completion of the alteration of the crossing, PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its power facilities and any ancillary facilities installed in accordance with the approved plan and this Secretarial Letter.

17. Upon completion of the alteration of the crossing, Verizon Pennsylvania LLC, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its utility pole and any ancillary facilities installed in accordance with the approved plan and this Secretarial Letter

18. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at its sole cost and expense, furnish all material and perform all work necessary to maintain its railroad facilities at the subject crossing, including the flashing lights and all appurtenant equipment, and maintain at all times in a smooth and satisfactory condition the crossing surface located between the rails, and for a distance of twenty-four (24) inches beyond the outermost rails, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter; and provide South Williamsport Borough at least ten (10) business days advance notice when performing any work as directed by this paragraph.

19. Upon completion of the alteration of the crossing, South Williamsport Borough, at its sole cost and expense, furnish all material and do all work necessary thereafter to maintain its highway approaches to the subject crossings to points twenty-four (24) inches beyond each outside rail and, in addition, maintain the stop lines and the Grade Crossing Advance Warning (W10-1) signs on the approaches thereto and in addition, maintain the pavement markings, all in accordance with Part 8 of the Manual on Uniform Traffic Control Devices and this Secretarial Letter; and provide Norfolk Southern Railway Company, at least ten (10) business days advance notice when performing any work as directed by this paragraph.

20. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered.
