**TO ALL PARTIES OF RECORD**

Application of Verizon Pennsylvania, LLC for approval of the alteration of the crossing where South Pine Road crosses, at grade, track owned by SEDA COG Joint Rail Authority and operated thereon by Juniata Valley Railroad (DOT 506 447 P) for the installation of an aerial wire in Lewistown Borough, Mifflin County.

To Whom It May Concern:

By application received by the Commission on June 2, 2025, Verizon Pennsylvania, LLC (Verizon) seeks Commission approval to alter the at-grade crossing (DOT 506 447 P) by the installation of an aerial fiber optic cable and innerduct where South Pine Road crosses a single track owned by SEDA COG Joint Rail Authority and operated thereon by Juniata Valley Railroad in Lewistown Borough, Mifflin County.

Verizon proposes to attach the new aerial fiber optic cable and innerduct, located within the joint right of way of South Pine Road and track owned by SEDA COG Joint Rail Authority and operated thereon by Juniata Valley Railroad, to Verizon owned poles. The proposed aerial fiber optic cable will have a minimum overhead clearance of 29 feet above the tracks.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Verizon states that the proposed aerial fiber optic cable and innerduct are necessary to provide additional requested services to the area. Verizon will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the proposed facilities, at its sole cost and expense. The cost of the project is anticipated to be \$10,000.

All work is to be performed in accordance with the sketch plan hereby entitled: "EXHIBIT A" consisting of a single sheet submitted to the Commission with the application received on June 2, 2025.

Verizon has served a copy of the application and plan on Mifflin County, Lewistown Borough, Penelec, Comcast, SEDA COG Joint Rail Authority and the Pennsylvania Department of Transportation. All parties in interest, including Juniata Valley Railroad who were omitted from the application, were queried by letter dated June 5, 2025, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections. Additionally, since Juniata Valley Railroad was omitted from the party of record in the application, they will be added a party in this application..

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.
