A-2025-3055546

TO ALL PARTIES OF RECORD

Application of PPL Electric Utilities Corporation for approval to alter the public crossing (DOT 518 232 A) by replacement of two existing bundles of conductors with two new sets of conductors which are mounted to the underside of the Route 30 bridge where State Route 0030 crosses, above grade, five (5) tracks of Norfolk Southern Railway Company located in Columbia Borough, Lancaster County.

To Whom It May Concern:

By application received by the Commission on June 3, 2025, PPL Electric Utilities Corporation (PPL) seeks Commission approval to alter the public crossing (DOT 518 232 A) by replacement of two existing bundles of conductors with two new sets of conductors which are mounted to the underside of the Route 0030 bridge where State Route 30 crosses, above grade, five (5) tracks of Norfolk Southern Railway Company located in Columbia Borough, Lancaster County.

PPL proposes to replace two (2) existing bundles of three (3) 750 MCM copper conductors with two (2) new bundles of three (3) 1000 MCM conductors which are mounted to the underside of the Route 0030 bridge and are contained within the steel superstructure of the bridge. The conduits cross the railroad right-of-way completely within the public right-of-way of State Route 0030. The bottom of the bridge superstructure has a minimum vertical clearance of 25.34 feet above the railroad tracks.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, PPL states that the proposed alterations are necessary to facilitate replacement of two old substation getaways as part of a scheduled maintenance upgrade. PPL will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the electric facilities, at its sole cost and expense. The cost of the project is anticipated to be \$1,250,000.

All work is to be performed in accordance with the plan hereby entitled: "EXHIBIT A" consisting of two (2) sheets submitted to the Commission with the application on June 3, 2025.

PPL has served a copy of the application and plan on Norfolk Southern Railway Company, the Pennsylvania Department of Transportation, Columbia Borough and Lancaster County. All parties in interest were queried by letter dated June 9, 2025, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.

The application of PPL Electric Utilities Corporation, is approved as herein directed:

1. The caption of the subject proceeding is hereby revised as shown herein.
2. The public crossing (DOT 518 232 A) where State Route 0030 crosses, above grade, five (5) tracks of Norfolk Southern Railway Company located in Columbia Borough, Lancaster County, be altered generally in accordance with the plan hereby entitled: "EXHIBIT A" consisting of two (2) sheets submitted to the Commission on June 3, 2025; which plans are made part hereof and is hereby approved except insofar as they may relate to the division of work, deletion of work, or the allocation of costs and expenses incident to the installation of the project.
3. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to alter the crossing by replacing two (2) existing bundles of three (3) 750 MCM copper conductors with two (2) new bundles of three (3) 1000 MCM conductors which are mounted to the underside of the Route 0030 bridge and are contained within the steel superstructure of the bridge, all within the confines of the railroad right-of-way and the highway right-of-way, all in accordance with the approved plan and this Secretarial Letter.
4. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to establish and maintain any detours or traffic controls that may be required to properly and safely accommodate highway and pedestrian traffic during the time the crossing is being altered.

5. Any relocation of, changes in and/or removal of any adjacent structures, equipment or other facilities of any non-carrier public utility, other than PPL Electric Utilities Corporation incidental to the alteration of the crossing, be made by said public utility at its initial cost, and in such a manner as will not interfere with the alteration of the crossing; and such relocated or altered facilities thereafter be maintained by said public utility, at its sole cost and expense.

6. Norfolk Southern Railway Company, at the sole cost and expense of PPL Electric Utilities Corporation, furnish all material and perform all work relating to its facilities which may be required as incidental to the performance of the proposed work and furnish any watchmen, flagmen, inspectors and/or engineering services that may be deemed necessary to protect the railroad's operations or facilities during the time the facilities are being installed.

7. PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary to complete the remainder of the project, and any other ancillary features of the project, generally in accordance with the approved plan and this Secretarial Letter.

8. The alteration of the crossing be completed on or before August 31, 2026, and that on or before said date PPL Electric Utilities Corporation, report in writing the date of actual completion of the work to this Commission and certify to the parties of record and this Commission that the work has been satisfactorily completed in accordance with the approved plan and this Secretarial Letter.

9. PPL Electric Utilities Corporation, at its sole cost and expense, pay all compensation for damages, if any, due to owners of property taken, injured, or destroyed by reason of the alteration of the crossing in accordance with this Secretarial Letter.

10. All parties involved herein cooperate fully with each other so that during the time the work is being performed, vehicular, pedestrian and railroad traffic will not be endangered or unnecessarily inconvenienced, and so that the requirements of each of the parties will be provided for and accommodated insofar as possible.

11. PPL Electric Utilities Corporation cooperate with the non-carrier utilities involved, so that during the alteration of the subject crossing, the facilities of the non-carrier utilities will not be endangered or unnecessarily interrupted.

12. PPL Electric Utilities Corporation, at least seven (7) days prior to the start of work, notify all parties in interest of the actual date on which work will begin.

13. Upon completion of the alteration of the crossing, PPL Electric Utilities Corporation, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain the electric conductors and any ancillary facilities installed in accordance with the approved plan and this Secretarial Letter.

14. Upon completion of the alteration of the crossing, Norfolk Southern Railway Company, at its sole cost and expense, furnish all material and perform all work necessary thereafter to maintain its railroad facilities at the crossing, and provide Columbia Borough and Pennsylvania Department of Transportation at least ten (10) business days advance notice when performing any work that may affect their facilities, as directed by this paragraph.

15. Upon completion of the alteration of the crossing, Pennsylvania Department of Transportation, at its sole cost and expense, furnish all material and do all work necessary thereafter to maintain its highway structure and highway facilities at the subject crossing, and provide Norfolk Southern Railway Company and Columbia Borough, at least ten (10) business days advance notice when performing any work that may affect their facilities, as directed by this paragraph.

16. Upon completion of the work herein directed, and upon written request from any party of record, this proceeding be scheduled for a hearing at a time and place to be determined by the Commission, for the purpose of taking testimony upon the final allocation of any remaining costs incurred by the non-carrier utility companies and other matters relevant to this proceeding.

The Parties are reminded that failure to comply with this or any Order or Secretarial Letter in this proceeding may result in an enforcement action seeking civil penalties and/or other sanctions pursuant to 66 Pa. C.S. § 3301.

All formal documents must be filed with the Secretary of the Commission. Documents must be eFiled, mailed or hand delivered.
