In Re: Application of ATX Licensing, Inc. for  
approval of the abandonment or discontinuance of  
Competitive Local Exchange and Interexchange  
Carrier Reseller Services

Application Docket No.

**To the Pennsylvania Public Utility Commission:**

1. The name and address of applicant is:

ATX Licensing, Inc. (Utility Code 310992)  
2101 Riverfront Drive, Little Rock, AR 72202

2. The name and address of applicant's attorney is:

Nicole Winters 2101 Riverfront Drive, Little Rock, AR 72202

3. Give a general description of the nature and character of the services rendered by the applicant.

Applicant currently provides competitive local exchange and interexchange carrier reseller services granted at Docket Nos. A-310992 and A-310992F0002.

4. Provide a statement of change in service proposed by the company for which Commission approval is sought.

The Applicant wishes to formally discontinue its offering of competitive local exchange and interexchange carrier reseller services and in connection with this would request the withdrawal of Competitive Local Exchange tariff PA PUC No. 10 and Switched Access Services tariff PA PUC No. 9.

5. Provide a summary of the revenue derived from the operation of the service sought to be discontinued, together with a statement of the expenses accruing from the maintenance of that service. This information may be furnished in detail and attached to the application.

As of the date of this filing, the Applicant does not derive any revenue from competitive local exchange or interexchange carrier reseller services.

6. Approval of the application is necessary or proper for the following reasons:

The Applicant has no existing customers receiving competitive local exchange or interexchange carrier reseller services and has no intention of offering these services in the future. Therefore, discontinuance of these services and certifications will have no impact on any existing customers.

7. Provide a detailed explanation of why the company wishes to abandon its Certificate.

The Applicant wishes to abandon its Certificates to provide competitive local exchange carrier and interexchange carrier reseller services because it is no longer providing these services within the Commonwealth and has no intention of providing these services in the future.

8. Provide the number of customers served and date last served.

The Applicant has no existing customers receiving competitive local exchange or interexchange carrier reseller services and has no intention of offering these services in the future. The last time customers were served under this tariff was sometime prior to 2022.

9. What happened to these customers? Who is serving them now?

Through natural attrition these customers have moved to other competitive local exchange and interexchange carrier reseller providers in the Commonwealth which could include competitors of the Applicant or affiliates of the Applicant. However, it is important to note that the Applicant has not taken any affirmative action to discontinue services to its prior customers.

10. Are there any NXX Codes assigned to your company? If yes, how many?

No, there are no NXX codes currently assigned to the Applicant.

11. How are the NXX Codes affected by this abandonment?

As there are no existing NXX Codes currently assigned to the Applicant there will be no impact.

12. Has the company contacted NANPA regarding returning the NXX Codes?

No such contact is required as the Applicant does not have any NXX codes assigned.

13. Has the company contacted the appropriate municipal/city authority of the abandonment for 911 purposes?

No, there will be no abandonment or 911 impact so notification is not necessary. The Applicant currently has no existing customers receiving competitive local exchange or interexchange carrier reseller services. Through natural attrition these customers have moved to other competitive local exchange and interexchange carrier reseller providers in the Commonwealth which could include competitors of the Applicant or affiliates of the Applicant.
