SECOND Request for Information

- 1.) Please provide documentation from your financial institution to verify your assets / cash on hand dedicated to running this business. If totals are significantly different than represented in this application, include a full explanation for differences in totals.

Nothing was received in your first data request answer to address this question.

Furthermore, please be aware that all PUC certificated revenue is subject to annual reporting and billing.

The purpose of the verified statement questions is to determine your ability to provide safe, efficient, and reasonable transportation. It is in your best interest to provide accurate, complete, and timely responses. Failure to do so is sufficient grounds to justify the denial of your application because you have failed to provide sufficient evidence of your fitness to operate. Be advised that additional corrections may not always be requested; therefore, prior to submitting your responses, your consultation with an attorney or financial expert familiar with Commission regulated Motor Carrier related proceedings is highly encouraged.
