**TO ALL PARTIES OF RECORD**

Application of Verizon Pennsylvania LLC for approval of the alteration of the crossing where State Route 1001 (Washington Avenue/Fullerton Street) crosses, at grade, track of RJ Corman Railroad Group (DOT 148 709 F) for the installation of an aerial fiber optic cable and innerduct in Lawrence Township, Clearfield County.

To Whom It May Concern:

By application received by the Commission on July 18, 2025, Verizon Pennsylvania, LLC (Verizon) seeks Commission approval to alter the at-grade crossing (DOT 148 709 F) by the installation of an aerial fiber optic cable and innerduct where State Route 1001 (Washington Avenue/Fullerton Street) crosses a single track of RJ Corman Railroad Group in Lawrence Township, Clearfield County.

Verizon proposes to attach the new aerial fiber optic cable and innerduct, located within the joint right of way of State Route 1001 (Washington Avenue/Fullerton Street) and RJ Corman Railroad Group, to Verizon owned poles. The proposed aerial fiber optic cable will have a minimum overhead clearance of 27 feet above the tracks.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Verizon states that the proposed aerial fiber optic cable and innerduct are necessary to provide rural broadband services. Verizon will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the proposed facilities, at its sole cost and expense. The cost of the project is anticipated to be \$10,000.

All work is to be performed in accordance with the sketch plan hereby entitled: "R.J. CORMAN RAILWAY PERMIT PERMIT SKETCH 1A6HQ3F" consisting of two (2) sheets submitted to the Commission with the application on July 18, 2025.

Verizon has served a copy of the application and plan on Clearfield County, Lawrence Township, RJ Corman Railroad Group and the Pennsylvania Department of Transportation. All parties in interest were queried by letter dated August 4, 2025, sent via email as to any objection to the subject application and plans, and none of the parties have responded with any objections.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.

The Commission issues this Secretarial Letter in accordance with Section 2702 of the Public Utility Code and finds that the alteration of the crossing is necessary and proper for the service, accommodation, convenience or safety of the public.
