PARTIES OF RECORD

In re: Application of the Pennsylvania Department of Transportation for approval to replace the existing bridge where I-79, Section A19, crosses below the track(s) of Canadian National Railway Company DOT # 051 792L, in Findley and Jackson Township of Mercer County.

To Whom It May Concern:

This is to advise that a PUC field investigation and conference will be held for the above-captioned crossing on Monday, September 15, 2025, at 12:30 p.m., to discuss the matters involved.

The meeting will convene adjacent to the site of the proposed alteration. Approximately 600 feet west of the I-79 bridges, there is a small clearing near the railroad structure along the north side of State Route 2014 (Scrubgrass Road: gps coordinates: [41.23148192, -80.16406121](#)). If multiple people from your organization are attending, please consolidate vehicles as space along the roadway is limited. Based on street view data there are some flatter off-road areas to park in the vicinity.

Kindly arrange to have a representative present.

Best regards,

A handwritten signature in black ink that reads 'Dennis J. Moody'.
