RULES AND REGULATIONS

24.1 MANUAL READING CHARGE (C)

For those customers who refuse installation of advanced metering infrastructure ("AMI"), beginning the next month after AMI is installed in the community proximate to the customer, the customer will begin paying a monthly charge of \$41.98 per month for manual meter reads. For example, if Pike completes installation of AMI in a community on December 15, 2025, beginning January 2025 customers in that community who refused AMI will begin paying the monthly meter reading charge. Customers will be notified when AMI is to be installed in their community and that opting out of AMI will result in monthly meter read charges. Pursuant to Tariff Rule 6.7, upon notification of AMI installation, a customer may request a smart meter be located away from their home instead of maintaining an analog meter and paying a monthly meter reading fee. Customers will have the option to have the Nighthawk AMI smart meter installed at a location of their choosing which complies with the requirements of the Company's tariff and the requirements of Tariff Rule 6.7.

SERVICE CLASSIFICATION NO. 2 (Continued)

TERM:

Secondary service is terminable at any time after six months unless a longer period is required under a line extension agreement.

Primary service is terminable at any time after one year upon ninety days written notice. The Company reserves the right to require a longer initial term where special construction is required to furnish the service.

SPECIAL PROVISIONS:

A. SHORT TERM SECONDARY SERVICE:

When short term service is requested, the Company reserves the right to require a deposit of the estimated bill for the period service is desired. The minimum charge for such short term service shall be an amount equal to six times the minimum monthly charge, payable in advance. When construction is necessary, the cost of installation and removal of all equipment, less salvage value, shall be borne by the customer, and a sufficient amount to cover these charges shall be paid in advance. A part of a month shall be considered a full month for computing all charges hereunder.

B. SPACE HEATING:

Customers who take service under this Service Classification for 10 kW or more of permanently installed space heating equipment may elect to have the electricity for this service billed separately. All monthly use will be billed at the following rates:

Delivery Charge	7.7353¢ per kWh	(I)
-----------------	-----------------	-----

When this option is requested, it shall apply for at least 12 months and shall be subject to a minimum charge of \$60.00 per year per kW of space heating capacity. This rule applies for both heating and cooling where the two services are combined by the manufacturer in a single self-contained unit.

All usage under this Special Provision shall also be subject to Parts (4) and (5) of RATE - FIVE PART - MONTHLY.
