To Whom It May Concern:

By application received by the Commission on July 8, 2025, Verizon Pennsylvania LLC seeks Commission approval to alter the public crossing (DOT 262 928 E) where Miller Station Road (State Route 1016), crosses, at grade, a track of the Western New York and Pennsylvania Railroad Corporation (WNYP), located in in Rockdale Township, Crawford County.

Verizon Pennsylvania LLC will install an aerial fiber optic cable lashed to an existing cable that is attached to existing utility poles within the joint right-of-way of Miller Station Road (State Route 1016) and the WNYP. The installation will provide a minimum vertical clearance of 26-feet above the top of rail.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, Verizon Pennsylvania LLC states that the proposed installation is necessary to provide subsidized broadband. Verizon Pennsylvania LLC will be directed to perform the necessary installation, provide for maintenance and protection of highway and pedestrian traffic during installation and accept future maintenance responsibility for the facilities, at its sole cost and expense. The cost of the project is anticipated to be approximately \$10,000.00.

All work is to be performed in accordance with the plans hereby entitled: "EXHIBIT A," consisting of two (2) sheets submitted to the Commission with the application.

Verizon Pennsylvania LLC has served a copy of the application and plans on the Pennsylvania Department of Transportation, WNYP c/o ReLTEK, LLC, and Crawford County. Rockdale Township was not part of the original parties of record but will be added as a party of record in this proceeding. Rockdale Township was included with the query letter that was sent to all the parties of record by electronic mail on July 18, 2025, as to any objection to the subject application and plans. None of the parties have responded with any objection to the subject application or plans.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
