Application Filing Checklist – Water/Wastewater**

22. Other requirements. Demonstrate compliance with the following:
- a. For **wastewater** system acquisitions, demonstrate compliance with the DEP-approved Act 537 Official Sewage Facilities Plans for the affected municipalities (including the extent of the requested service territory).

RESPONSE: a. PAWC’s proposed acquisition of the East Coventry’s system is consistent with the contents of the DEP-approved Act 537 Plans for the affected municipalities and the municipally adopted Act 537 Plan for East Coventry to include the Act 537 Plan Special Study for the Parker Ford area. PAWC is proposing no changes to the requested service territory from that which is currently being served by East Coventry and the Parker Ford service area. PAWC will continue to operate the East Coventry system as a sewer system providing service directly to portions of East Coventry Township, exactly as laid out in the DEP-approved Act 537 Plans to include the Act 537 Special Study for the Parker Ford Area. Copies of the plans are provided in **Appendix A-22-b**.
