TO ALL PARTIES OF RECORD

Application of Columbia Gas of Pennsylvania, Inc. for approval of the alteration of the public crossing (DOT 472 832 U) by the installation of an 8-inch plastic gas line inside a 12-inch steel casing pipe where Hickman Street crosses, below grade, the elevated tracks of Wheeling & Lake Erie Railway Company, located in Bridgeville Borough, Allegheny County.

To Whom It May Concern:

By application received by the Commission on July 22, 2025, Columbia Gas of Pennsylvania, Inc., (CGPA) seeks Commission approval to alter the public crossing (DOT 472 832 U) by the installation of an 8-inch plastic gas line inside a 12-inch steel casing pipe where Hickman Street crosses, below grade, the elevated tracks of Wheeling & Lake Erie Railway Company, located in Bridgeville Borough, Allegheny County.

CGPA proposes to install an 8-inch plastic gas line by inserting it inside a 12-inch diameter steel casing that will be installed using an open cut method. The minimum cover from the surface of the roadway of Hickman Street to the top of the casing pipe will be 5.5-feet. In addition, CGPA will fill in an existing gas pipeline with grout to plug it for abandonment.

The Commission hereby establishes its jurisdictional limits at the subject crossing as the area within the confines of the railroad right-of-way and the highway right-of-way.

In its application, CGPA states that the installation is necessary to replace the existing gas line, since the feed is vital to maintaining the safety and demand requirements throughout the immediate project area. CGPA is responsible for the protection of highway and pedestrian traffic during installation. CGPA accepts future maintenance responsibility for the water facilities, at its sole cost and expense. The cost of the portion of the project within the railroad right of way is anticipated to be \$45,000.

All work is to be performed in accordance with the plans entitled: "REVISED EXHIBIT A" consisting of two (2) sheets submitted to the Commission on August 6, 2025.

CGPA has served a copy of the application and plan on Pennsylvania Department of Transportation, Wheeling & Lake Erie Railway Company, West Penn Power, Columbia Gas of Pennsylvania, Inc. , Comcast Cablevision, Verizon Pennsylvania LLC, Peoples Gas Company, Bridgeville Borough and Allegheny County. All parties in interest were queried by letter dated August 1, 2025, sent via email as to any objection to the subject application and plans. Revised plans were submitted to the Commission and to all parties of record by electronic mail on August 6, 2025. None of the parties have responded with any objections.

The Commission has exclusive jurisdiction in crossing alterations and is the final arbiter of any fees associated with a crossing application. Any conditions, including fees associated with a crossing application, must be approved by the Commission.

Upon full consideration of the matters involved, we find that a hearing is not necessary and that a Secretarial Letter may be issued approving the application.
