Docket # P-2015-2465847

Bort Rd Bridge

North East PA, 16428

To Whom it may concern,

We, Nicholas and Kathleen Mobilia, and Nikki Mobilia Cole, would like to be added as a party of record to docket number P-2015-2465847. Nicholas and Kathleen own Arrowhead Wine Cellars on the north side of the bridge in question, and Mobilia Fruit Farm on the south side of the bridge. Removal of this bridge is going to eliminate access of our tractors and harvesting equipment. We would like to be added to the docket so we may come to a solution with CSX and North East Township.

Proposed solution would be an at grade private tractor crossing like the ones at:

42.22211-79.80454

42.22051-79.80866

And we would also like CSX to restore the property to its original grade.

Nikki Mobilia Cole owns the house just south of the bridge at 5072 Bort Rd and is concerned about her property value with the proposed dead-end road, and the possibility of being cut off from the nearest fire hydrant and emergency services on the main road.

Thank you,

Nikki Mobilia Cole
