VIA ELECTRONIC FILING

Matthew L. Homsher, Secretary
Pennsylvania Public Utility Commission
Commonwealth Keystone Building
400 North Street
Harrisburg, PA 17105-3265

In re: Application of Pennsylvania American Water for approval of the alteration of the crossing where State Route 4014 (Main Street) crosses, at grade, two (2) tracks of Norfolk Southern Railway Company (DOT 588 602 S) by the installation of a 12-inch DIP water line encased in a 20-inch steel pipe, and a 15-inch PVC sewer line encased in a 36-inch steel pipe, in Royersford Borough, Montgomery County

Docket No. A-2024-3048187

Dear Secretary Homsher:

Pennsylvania American Water Company (“Pennsylvania-American”) requests an extension of time to complete the work authorized as part of the Application filed on April 5, 2024 and approved by Secretarial Letter on May 14, 2024 at the above-captioned docket number. This request is for an additional 12 months to allow completion of this project on or before October 14, 2026. Pennsylvania-American is actively coordinating construction efforts with RailPros and Norfolk Southern Railway Company. While a definitive start date has not yet been provided, we anticipate construction should commence in the next few months. The Company is experiencing a delay of the project due to the long lead times and availability of and coordination/flagging resources.

Should you have any questions, please feel free to contact Michael Evanson at (610) 451-1775

Sincerely,

Elizabeth Rose Triscari

cc: All Parties on the attached Certificate of Service (*in the manner specified*)
Holly Gilliland, Rail Safety Division (*via electronic mail*)
