Request for Information

Questions for evaluation on a PUC Application require regulation compliant answers, they should be well thought out and complete, and must answer all parts of the questions asked. Please review Title 52 PA Code to ensure your answers meet that standard.

- 1) In regard to Question #10 of the application for proposed service area, your indication is for the entire state, which cannot be adequately serviced with the one vehicle you propose to acquire in starting your business. Please modify your service area to reflect territory that can reasonably be serviced with the vehicle you have now. Authority cannot be given for territory you intend to provide services to in the future, it must be limited to territory you can adequately and efficiently provide services to now. Furthermore, reference to stretcher should only be made if you have stretcher capability from the start, traditionally, authority is written “to transport persons, in paratransit service...”

Please consider that your request should only indicate the areas from which you intend to **originate** service. Your proposed service area must also be fully bound, and easily discernible. This may be achieved by the use of municipal boundaries, roads, railroads, or natural boundaries such as rivers and streams, etc. Generally speaking, naming counties is the most wide-spread manner of achieving this goal, but other properly bound descriptions are acceptable if correctly prepared. Examples of sample territories are provided on the application itself, and your proposed territory should be written in similar format, clearly and concisely.

YOU SHOULD ONLY SPECIFY AREAS FROM WHICH YOU WISH TO ORIGINATE SERVICE.

Example(s):

- a. Paratransit service between points in the counties of X, Y, and Z.
- b. Paratransit service from points in the counties of X, Y, and Z, to points in Pennsylvania, and return.

- 2) Please fully describe how your business is intended to operate:  
Do you provide transportation only? Who are your clients? How are they obtained? How are you marketing your business? Who pays for the trips? Do you intend to work with brokers? Which brokers?
- 3) It is important to note, that your application indicates that you intend to fund and acquire your vehicle after obtaining approval, but that is not how PUC Authority is granted. You must do the following to be able to move your application forward:
  - a) Fund your business, with funds to cover providing efficient and effective service to your proposed service area, to be able to pay for insurance premiums and the possibility of a vehicle breakdown or needed repairs.

- b) After initial approval of your application, you will have 60 days to acquire your vehicle, registered and insured in the name of your business as stated on this application.

The purpose of the verified statement questions is to determine your ability to provide safe, efficient, and reasonable transportation. It is in your best interest to provide accurate, complete, and timely responses. Failure to do so is sufficient grounds to justify the denial of your application because you have failed to provide sufficient evidence of your fitness to operate. Be advised that additional corrections may not always be requested; therefore, prior to submitting your responses, your consultation with an attorney or financial expert familiar with Commission regulated Motor Carrier related proceedings is highly encouraged.
