Request for Information

Questions for evaluation on a PUC Application require regulation compliant answers, they should be well thought out and complete, and must answer all parts of the questions asked. Please review Title 52 PA Code to ensure your answers meet that standard.

- 1) Your answer to the previous Data Request in regard to your Statement of Financial Position was: Medivan One Transportation LLC has secured initial startup capital to support business launch and early operations. This initial funding is currently available to cover essential business needs, including commercial insurance premiums, administrative expenses, preventive maintenance, and unexpected vehicle repairs. In addition, we have a financing plan in place to fund the purchase or lease of our first ADA capable vehicle upon issuance of our initial approval by the Commission. This plan includes utilizing a combination of allocated business capital and approved financing options to ensure that a vehicle is acquired promptly and placed into service in compliance with Commission requirements. We understand that after the Commission grants conditional approval, we will have 60 days to:
 - Acquire our first vehicle in the business name: Medivan One Transportation LLC
 - Register and title the vehicle with PennDOT
 - Secure all required commercial insurance coverage and file Form E with the PUC
 - Certify that the vehicle is fully compliant with ADA and PennDOT safety requirementsOur initial vehicle will transport wheelchair and ambulatory passengers only. We do not provide stretcher transport at this time. All vehicles will undergo regular preventive maintenance performed by certified mechanics, and drivers will conduct documented daily safety inspections to ensure continued compliance with PUC and state safety standards.

Please provide information as to the amount that has been secured to operate your business.

Medivan One Transportation LLC has **\$7,000 currently secured and allocated** specifically for business operations. These funds are already available and designated to support initial commercial insurance deposits, registration and compliance costs, vehicle readiness, driver training, marketing materials, and ongoing operating expenses such as fuel, maintenance, and repairs.

This capital ensures that Medivan One Transportation LLC can begin operations safely and reliably once conditional approval is granted by the Commission. Additional financing options are established to support timely vehicle acquisition during the Commission's 60-day compliance period.
