SECOND Request for Information

- 1) In regard to Question #10 of the application for proposed service area: Please consider that your request should only indicate the areas from which you intend to **originate** service. Your proposed service area must also be fully bound, and easily discernible. This may be achieved by the use of municipal boundaries, roads, railroads, or natural boundaries such as rivers and streams, etc. Generally speaking, naming counties is the most wide-spread manner of achieving this goal, but other properly bound descriptions are acceptable if correctly prepared. Examples of sample territories are provided on the application itself, and your proposed territory should be written in similar format, clearly and concisely.

YOU SHOULD ONLY SPECIFY AREAS FROM WHICH YOU WISH TO ORIGINATE SERVICE.

Example(s):

- a. Paratransit service between points in the counties of X, Y, and Z.
 - b. Paratransit service from points in the counties of X, Y, and Z, to points in Pennsylvania, and return.
- 2) The responses to questions 5(a), 5(b), 5(c), 5(d) and 5(e) of the verified statements are insufficient. **Title 52 Pa. Code § 29 provides detailed requirements. Please provide a system which incorporates code specified compliance requirements for frequency and retention of records.** Each of your answers to sections of this question were insufficient:
 - § 29.503. Age restrictions.
 - § 29.504. Driver history
 - § 29.505. Criminal history.
