Request for Information

The purpose of the verified statement questions is to determine your ability to provide safe, efficient, and reasonable transportation. It is in your best interest to provide accurate, complete, and timely responses. Failure to do so is sufficient grounds to justify the denial of your application because you have failed to provide sufficient evidence of your fitness to operate. Be advised that additional corrections may not always be requested; therefore, prior to submitting your responses, your consultation with an attorney or financial expert familiar with Commission regulated Motor Carrier related proceedings is highly encouraged.

Information must be provided in answer form, and should not be provided in volumes of your business documents that need to be searched to find an answer within.

- 1) In regard to Question #10 of the application for proposed service area: Please re-read the instructions to understand that “personal convictions” language should only be used in reference to Amish transit where their religion prevents the persons from owning or operating vehicles, which may not specifically exist in your area of sufficient quantity to support a business. This language does NOT refer to people who cannot drive for any other reason, and who would require non-emergency medical transportation.

Please consider that your request should only indicate the areas from which you intend to **originate** service. Your proposed service area must also be fully bound, and easily discernible. This may be achieved by the use of municipal boundaries, roads, railroads, or natural boundaries such as rivers and streams, etc. Generally speaking, naming counties is the most wide-spread manner of achieving this goal, but other properly bound descriptions are acceptable if correctly prepared. Examples of sample territories are provided on the application itself, and your proposed territory should be written in similar format, clearly and concisely.

YOU SHOULD ONLY SPECIFY AREAS FROM WHICH YOU WISH TO ORIGINATE SERVICE.

Example(s):

- a. Paratransit service between points in the counties of X, Y, and Z.
- b. Paratransit service from points in the counties of X, Y, and Z, to points in Pennsylvania, and return.

- 2) Are your proposed clientele limited to existing clients that you perform other services for? Do you intend to be available to the general public? Please explain in detail.
- 3) The responses to questions 5(a), 5(b), 5(c), 5(d) and 5(e) of the verified statements are insufficient. **Title 52 Pa. Code § 29 provides detailed requirements. Please provide a system which incorporates code specified compliance requirements for frequency and retention of those documents.** Each of your answers to sections of this question were insufficient:
 - § 29.503. Age restrictions.

- § 29.504. Driver history
- § 29.505. Criminal history.

- 4) Regarding the Statement of Financial Position that has been provided, your business currently does not possess adequate funds or equipment to provide safe, efficient, and reasonable services. A 12 year old vehicle with 238,000 miles cannot reasonably be expected to operate long term. Are you able to provide additional information to support your proposed business?

Furthermore, please be aware that all PUC certificated revenue is subject to annual reporting and billing.
