Pennsylvania Public Utility Commission
400 North Street, 2nd Floor North
Harrisburg, PA 17120

Re: Talen Energy Marketing, LLC; Notice of Material Change; Docket No. A-110098

Dear Secretary Homsher:

Pursuant to 52 Pa. Code § 54.34, this correspondence is to advise the Pennsylvania Public Utility Commission (“PUC” or “Commission”) that Talen Energy Marketing, LLC (“TEM”) has undergone a material change in operations by its intention to expand retail service to Amazon Data Services, Inc. (“AWS”), pursuant to a power purchase agreement entered into between TEM and AWS, among other related entities, concerning the Susquehanna nuclear plant. TEM intends to begin offering electric generation supply service to AWS in no less than ninety (90) days of this notice. TEM intends to also provide services to other Large Commercial & Industrial customers in the future.

TEM previously informed the PUC on May 19, 2023, that it had emerged from bankruptcy and that it would maintain its electric generation supplier license for service to affiliated entities and industrial entities that provide services to its affiliated entities. TEM represented that it intended to continue to satisfy all PUC reporting and other regulatory requirements in order to maintain its license, and it has done so since filing such notice.

Please note that TEM does not currently serve any residential customers in Pennsylvania. TEM’s intended provision of service to AWS will be the first expansion of retail supply service in Pennsylvania since its emergence from bankruptcy. AWS will receive service as a Large Commercial & Industrial customer. Other than the expansion of service to AWS, TEM will continue to provide service to affiliated entities and industrial entities that provide services to its affiliated entities as previously represented, as well as potentially other Large Commercial & Industrial customers in the future.

TEM is providing notice of this material change to the Office of Consumer Advocate, the Office of Small Business Advocate, the Commission’s Bureau of Investigation & Enforcement, and all Electric Distribution Companies in which TEM is licensed to operate, as required by TEM’s electric generation supplier license application approval and as shown in the accompanying Certificate of Service.

Thank you for your attention to this matter. If you would like additional information, please contact Jacqueline Fleming, Manager Regulatory Affairs for Talen Energy, at: jacqueline.fleming@talenenergy.com, or me.

Matthew L. Homsher, Secretary
