Re: Joint Petition of Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company and West Penn Power Company for Consolidation of Proceedings and Approval of Act 129 Phase IV Energy Efficiency and Conservation Docket Nos. M-2020-3020820, M-2020-3020821, M-2020-3020822, and M-2020-3020823

Dear Secretary Homsher:

Enclosed for filing is the executed CONFIDENTIAL Conservation Service Provider (“CSP”) contract between FirstEnergy Pennsylvania Electric Company on behalf of the Met-Ed, Penelec, Penn Power, and West Penn Power Rate Districts¹ (“FE PA” or “Company”) and CLEAResult that is revised to expand the promotion of solar photovoltaic projects as well as other program opportunities through the Residential Energy Efficient Homes and Energy Efficient Products Programs. This CSP contract revision is to expand outreach and promotion of these program opportunities to help meet the Company’s Phase IV goals.

In addition, this filing includes a CONFIDENTIAL copy of the FE PA cover sheet summarizing the aspects of the contract as required by the Pennsylvania Public Utility Commission’s (“Commission”) Phase IV Implementation Order,² which contains bid evaluation summaries (including the number of bids that were received, justification for selection of the CSP if based on receipt of less than three bids, and explanation for non-selection of the low-bid CSP).

¹ On January 1, 2024, FirstEnergy Corp.'s Pennsylvania operating companies (i.e., Metropolitan Edison Company, Pennsylvania Electric Company, Pennsylvania Power Company, and West Penn Power Company) merged into FirstEnergy Pennsylvania Electric Company. Due to the merger transaction, FE PA became successor in interest to all matters previously belonging to the individual Pennsylvania operating companies. As such, the customers of the former Pennsylvania Electric Company have their own separate and distinct rate district under FirstEnergy Pennsylvania Electric Company’s tariff.

² *Energy Efficiency and Conservation Program*, Docket No. M-2020-3015228, at 114-17 (Order entered June 18, 2020).

The enclosures are marked CONFIDENTIAL because they contain competitively sensitive information, including, but not limited to, details about the bids received for the services to be provided under the CSP contract as well as the Company's evaluation of such bids. Therefore, the Company respectfully requests that the Commission afford the enclosures proprietary treatment and place them in a non-public folder.

The Company solicited and evaluated bids in accordance with its "Procedure for Awarding Contracts to PA Act 129 Conservation Service Providers" which was approved via Secretarial Letter by the Commission on July 16, 2020. The enclosed CONFIDENTIAL cover sheet describes the bid solicitation and evaluation process for the contract.

Further, the Company notes that the enclosed CONFIDENTIAL CSP contract will only be effective upon Commission approval.

FE PA respectfully request that the Commission Staff approve the enclosed revised CONFIDENTIAL CSP contract through an expedited review process, thus allowing FE PA to timely expand its outreach and promotion of solar photovoltaic and other program opportunities to meet its goals. Therefore, it is important that the enclosed CSP contract is approved as soon as practicable.

Should you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

Timothy K. McHugh
