PENNSYLVANIA-AMERICAN WATER COMPANY

PFAS LITIGATION UNIVERSAL CREDIT RIDER

(C)

Purpose: This Rider provides a mechanism to distribute the net proceeds from the Company's participation in ongoing litigation against manufacturers of perfluoroalkyl and polyfluoroalkyl substances ("PFAS") uniformly to all customer classes as those proceeds are received. The Company entered into settlement agreements with certain of the defendants in the PFAS litigation that allocate payments to the Company, and pending litigation may result in further compensation through settlement proceeds or judgments. The Company will credit customers proceeds from the PFAS litigation (net of attorneys' fees and costs) through bill credits within a reasonable time after the Company receives payment of such funds. The amount of the credit will vary based on the net proceeds received and the number of customers at the time the Company calculates the credit. If proceeds remain from a disbursement due to rounding or a fluctuation in the Company's customer count, those remaining proceeds shall be transferred by the Company to the H2O Help to Others Program and used to fund customer Hardship Grants. No more than ten (10) days after issuing credits to customer accounts in accordance with this Rider, the Company shall report to the Commission the amount of the PFAS Credit, including a workpaper showing the calculation of the credit as outlined below.

Determination of the Credit

The PFAS litigation credit shall be calculated as follows:

$$\text{PFAS Credit} = \frac{\text{PFAS Funds}}{\text{CC}}$$

Where:

- PFAS Credit: Represents the credit each customer will receive as a result of PFAS Funds paid to the Company. The credit will be rounded down to the nearest whole penny.
- PFAS Funds: Represents the net proceeds received by the Company from litigation against manufacturers of PFAS.
- CC: Total active water customer counts, inclusive of all customer classes at the time of credit calculation.
