HARRISBURG, PENNSYLVANIA 17120**

**Sunset of Chapter 14, Title 66**

**Public Meeting of November 20, 2025  
3052328-CMR  
Docket No. M-2024-3052328**

**STATEMENT OF VICE CHAIR KIMBERLY BARROW**

Since Chapter 14 sunset on December 31, 2024,<sup>1</sup> I agree that the time is right to determine the next steps on utility and customer protections. I believe that the status quo is only a starting point for this proceeding and not the ultimate goal. I am happy to support this Motion and would like comments on the following topics:

- Payment arrangement lengths
- Extending payment arrangements to small businesses
- Term length for restarting the clock for defaulted and fulfilled payment arrangements
- Removing the PGW specific provisions

I look forward to seeing the Notice of Proposed Rulemaking and the various comments offered on how to best implement these regulations in a reasonable manner which protects the public interest.

**November 20, 2025**
