I am requesting a Reconsideration for the denial of our PA PUC application. The denial letter states that we did not respond to a request for information from October 22, 2025. In researching this request, it was found that an email was sent requesting information on October 22, 2025. It was our mistake, we simply missed the email.

Please see below requested information:

1. On question 10 of your application, we asked you to list the commodities you intend to transport. Your answer was: asphalt, stone, dirt, fill. Will you be using these commodities as part of your landscaping business? Will you be hired by a 3 party to transport these commodities? Please clarify.

Answer: We may use these commodities for our landscaping business in some circumstances. We may also simply dispose of the materials if they are not needed and cannot be used for our landscaping business. We are generally hired direct without a 3rd party involved but we may have some 3rd party involvement in some cases.

Please consider this response and please reconsider the denial.

I, Dale Gassert, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief, and that I expect to be able to prove the same at a hearing held in this matter. I understand that that statements herein are made subject to penalties of 18 Pa.C.S 4904 (relating to unsworn falsification to authorities).
