RE: Docket No. F-2025-3057061  
Michael Fodse v. FirstEnergy Pennsylvania Electric Company  
Request for Continuance

I respectfully request a continuance of the Preliminary Hearing set for December 2, 2025. The reasons for this request are that I've had difficulty preparing for this hearing due to my mental health issues and request additional time to gather evidence. Currently the stress has caused me to have panic attacks which have also made managing my Type 1 Diabetes extremely difficult.

I respectfully request a continuance until January 2026. In order to prepare for the hearing and address these mental health issues.

Respectfully

Michael Fodse,
